The following commission was then read by the Clerk of the House:

BY HIS HONOUR the Honourable Fabian O'Dea,
Q.C., Lieutenant Governor of the
Province of Newfoundland.

Fabian O'Dea,
Lieutenant Governor.

To: Honourable Robert Stafford Furlong, Chief Justice,

and

Honourable Sir Brian Dunfield

and

Honourable Harry A. Winter, Judges of the Supreme Court,

GREETING:

A P R O C L A M A T I O N

WHEREAS I have deemed it expedient that the First Session of the Thirty-Third General Assembly should be open for the despatch of business on Wednesday, the twentieth day of March, 1963, whereof I have given notice in my Proclamation dated the eleventh day of March, 1963; and

WHEREAS it is not convenient that the purpose for which I have called the said General Assembly together should be declared on the said day nor until the Members of the House of Assembly have proceeded to the choice of a Speaker, you, the said Honourable Robert Stafford Furlong, Honourable Sir Brian Dunfield and Honourable Harry A. Winter, or any of you, are hereby authorized and directed to signify to the Members of the said House of Assembly on the twentieth day of March, 1963, that it is my pleasure that they should proceed to the choice of some proper person to be their Speaker and present such person on the same day for my approbation.

GIVEN under my Hand and Seal at
the Government House, St. John's,
this 11th day of March, A.D.,
1963.

By His Honour's Command,

(Sgd.) John T. Cheeseman,

MINISTER OF PROVINCIAL AFFAIRS.

The Honourable Robert S. Furlong, Chief Justice, one of the said Commissioners, then said:

Members of the Honourable House of Assembly,

We have it in command from His Honour the Lieutenant Governor to acquaint you that His Honour will, as soon as the Members of this House shall be sworn; declare the causes of his calling this Assembly, and, it being necessary that a Speaker of this House should be first chosen, it is his pleasure that you do proceed to the appointment of some proper person to be your Speaker; and that you present such person whom you shall so choose here today at three of the clock for His Honour's approbation.

And the said Judges having left the Assembly Chamber, the Honourable the Premier then addressed himself to the Clerk, who standing up, pointed to him and then sat down; moved "that George W. Clarke, Esquire, Member for the District of Carbonar, do take the Chair of the House as Speaker", which motion was seconded by James J. Greene, Esquire, Member elected for the District of St. John's East.

No other person being proposed as Speaker, Mr. Clarke was unanimously called by the House to the Chair, and was conducted to the Chair by the Members who proposed and seconded him.

Whereupon Mr. Speaker standing on the steps, addressed the House, expressing his gratitude to the Honourable Members for the high honour unanimously conferred upon him.

The House then adjourned until Wednesday afternoon, March 20th., at three of the clock.

ROBERT W. SHEPHERD,
Clerk of the House of Assembly.

Wednesday, March 20th., 1963.

The House met at three of the clock in the afternoon, pursuant to adjournment.

At three of the clock the Sergeant-at-Arms notified Mr. Speaker that His Honour the Lieutenant Governor, Honourable Fabian O'Dea, Q.C., had arrived; whereupon Mr. Speaker vacated the Chair.

The Sergeant-at-Arms preceded His Honour the Lieutenant Governor to the Chair.

Whereupon the Lieutenant Governor, having taken his seat, Honourable the Premier addressed His Honour as follows:

May it please Your Honour, the House of Assembly agreeable to Your Honour's Command, have proceeded to the choice of a Speaker, and have elected George W. Clarke, Esquire, Member for the District of Carbonear, to that office, and by their direction, I present him for the approbation of Your Honour.

His Honour ^{was} then pleased to reply:

On behalf of Her Majesty I assure you of my sense of your efficiency and I do most fully approve and confirm you as the Speaker.

Whereupon Mr. Speaker addressed His Honour as follows:

Your Honour having approved of the choice of this House in constituting me its Speaker, it now becomes my duty in the name of the representatives of Her Majesty's loyal subjects, the people of this Province, to claim respectfully of Your Honour their accustomed rights and privileges, especially that they shall have freedom from arrest during their attendance in Parliament and that I, as Speaker, may have full access to Your Honour's presence at all reasonable times, and that they have confirmed to them all their ancient rights and privileges which have been confirmed to them by Your Honour's predecessors.

His Honour was pleased to reply:

On behalf of Her Majesty I do confirm this House in the enjoyment of all its ancient and undoubted rights and privileges.

His Honour was then pleased to open the Session with a Speech from the Throne as follows:

Mr. Speaker and Members of the Honourable House of Assembly:

In opening this the First Session of the Thirty-Third General Assembly of Newfoundland I would like to say how deeply I appreciate the honour of having been appointed to be the personal representative of Her Majesty the Queen in this Province. This is the highest honour that can be awarded to a Canadian in Newfoundland, and I trust that, coinciding as it does with the opening of this the Thirty-Third General Assembly you, Mr. Speaker, and the Members of this Honourable House and I as Newfoundland's Lieutenant Governor, will be instrumental, you in passing and I in giving Royal Assent to many measures for the greater good of our Province and its people.

In the early part of last autumn the Premier of this Province issued a call for the holding of a conference for the purpose of considering the problems of the fishery. This conference was attended by more than two hundred persons who were actively concerned with the fisheries, and included producing fishermen, fish-buyers, fish-processors, fish-marketers and others. The Government of Newfoundland was well represented by persons from the Department of Fisheries, and from Boards and other organizations connected with that Department. The Fisheries Departments of the Governments of Nova Scotia, Prince Edward Island, New Brunswick and Quebec attended as interested observers. The Department of Fisheries, as well as the Department of Agriculture of the Government of Canada, were ably represented by senior officials.

The conference selected twenty-seven of its members who were then appointed by my Government to be a special Fishery Commission whose task was described as being that of considering the problems of the fisheries, making recommendations for a programme of development, and submitting a final report to my Ministers. The Commission has worked industriously at these purposes, and only within recent hours has submitted its final report. Interim recommendations were, however, submitted to my Government in the autumn, and their second and principal series of recommendations was submitted early in the New Year.

In the meantime my Ministers had decided that parallel action could be taken directly, and with that purpose in mind retained the professional services of two distinguished Canadian economists in the persons of Dr. M. W. Mensies and Dr. William Carr. These economists prepared a special report, with recommendations, which my Government decided to submit to the Government of Canada along with the main recommendations of the Fishery Commission. The economists and the members of the Fishery Commission established and maintained close liaison, and succeeded in preparing two separate reports that did not conflict with but rather complemented one another. Together they constitute the most thoroughgoing documentation of the case for a national, coast-to-coast, all-Canada fishery development programme ever, perhaps, formulated in Canada.

The Premier of the Province has endeavoured to obtain from the major political parties in the Federal field assurances of their acceptance of the principle advocated, namely, that the fishery industry of Canada as a whole should receive Federal assistance along lines that would parallel the Federal assistance so generously given in the past, and still being given, to the farming industry. It is the opinion of my Ministers that large-scale fishery development in Newfoundland can only come as part of a national Canadian programme, in which the principal costs will be borne by the Treasury of Canada. My Ministers had hoped that they would be in a position to bring to you in the present Session official assurances of the Government of Canada that these principles had been accepted and would be carried out. Had they been able to do so it was their intention to ask your careful consideration of a series of proposals which the Province itself would introduce and carry out as the Provincial share of the overall programme. The present Federal General Election has thus far frustrated my Government's hope in that regard, but my Ministers are still very hopeful that they will receive the necessary official assurances before the conclusion of this present Session. It would appear that this would be sometime not too long after the conclusion of this present election. There is a strong desire that the development programme should, at least in part, be launched in Newfoundland in the present year, and we may all hope that this will prove to be possible.

One of the most useful conferences to be held in Newfoundland for some considerable time was that which enabled a substantial number of the persons engaged in it to consider the problems of the saw mill and lumber industry and trade of Newfoundland. This Conference, which was called by the Premier of the Province and organized by my Minister of Mines, Agriculture and Resources, brought together a very great number of important facts and succeeded in exposing and explaining much of the true nature of the problems associated with this industry. The whole purpose of the Conference was to provide a meeting ground and, so to speak, a clearing house for ideas and information connected with saw milling and lumber in Newfoundland and Labrador. You will be pleased, I am sure, to know that the Conference itself has led to the formation of more than one organization of those engaged in the industry, and that various meetings have been held to enable those most directly concerned to evolve policies and solutions in this field. It is quite probable that you will be asked in this and possibly a future Session of your House to consider proposals and reforms to be submitted by these organizations.

Mr. Speaker and Members of the Honourable House of Assembly:

Consideration continues to be given by my Ministers, and by officials within the Civil Service, to the problems associated with the transportation by motor truck of pulpwood and other logs over the highways of our Province. It is abundantly clear

that in this new age of road transportation and trucking industry of this Province will, like that of so many other Provinces and States, wish increasingly to use the roads as the principal means of moving pulpwood and other logs to the points of consumption. It is equally clear that the tendency to use ever larger trucks, and to carry ever larger loads of wood, will continue unabatedly. I am confident that you will view this trend with sympathy, even while you feel concern for the deterioration that is almost certain to come in the condition of these roads as a direct result of such heavy usage. Indeed, it is quite apparent that there is here something of a conflict of interest. On the one hand, the Government and people in general will not wish to have roads that are expensive to build and maintain greatly damaged by their use for very heavy loads, and at the same time the increasing numbers of citizens who earn their living and support their families in this trucking business will continue to hold a strong desire to improve their economic status by the use of larger vehicles and the movement of heavier loads of wood. My Ministers propose to invite your attention to this problem in the present Session of your House.

In the year 1959 as a result of serious breaches of the law resulting from the Loggers Strike of that year this Honourable House unanimously enacted legislation applying rigid controls to Labour Unions and Labour Union officials. These controls were modified at the Session held in 1960. My Ministers feel now that further modifications may safely be introduced and amendments with that in view will be submitted for your consideration.

One of our major problems in public health is the provision of hospital beds, and satisfactory progress is being made in this field. In the present financial year the great new hospital at Grand Falls providing 192 beds has been completed and was only recently turned over to the Hospital Board. The Nurses Home in St. John's providing 330 beds for nurses and staff has been completed and will shortly be in use. The new hospital at Gander provides 150 beds, is nearing completion, and should be ready for use in August or September of this year. An addition to the Grand Bank Hospital of 20 beds is well advanced in construction and should be ready by June. Residences for doctors have been provided at Brookfield, Comeby-Chance and Grand Bank in this year. On the drafting board and to be started in the coming year are new hospitals at Happy Valley, Labrador, 20 beds; Labrador City, 60 beds; Baie Verte, 40 beds; and Bell Island, 40 beds. In addition to this there is the adaptation of one of the floors of the Western Sanatorium which will now provide, for general hospital purposes, 100 beds which were previously used for the treatment of tuberculosis. In addition to all of these provisions by the Department of Health, the Department of Public Welfare has revised the plans for the new Home for the Aged and Infirm. This building will house 260 persons, and a contract for its erection will shortly be negotiated.

The Twin Falls Power Corporation Limited has notified my Ministers that it proposes to double its development of hydro-electric power from the "Unknown River" at Twin Falls. My Ministers will therefore introduce legislation to facilitate the development of this water power to its maximum economic capacity.

Negotiations are under way between the Government, British Newfoundland Corporation Limited and Golden Eagle Refining Company of Canada Limited for the drilling for oil on the West Coast of the Province. If negotiations proceed satisfactorily, the necessary legislation will be introduced.

My Ministers have been informed that Rio Tinto Canadian Exploration Limited have acquired the benefits of an Agreement made some years ago between the Government and Frobisher Limited. My Ministers are happy that a Company of this standing is coming into Newfoundland and a Bill will be introduced confirming and extending their rights under this Agreement.

An Agreement made between my Minister of Mines, Agriculture and Resources and Warren S. Axtell providing for exploration for minerals in the Spruce Brook area will be presented for your approval.

Bills ratifying Agreements made with British-Newfoundland Exploration Company Limited, Sturgeon River Mines Limited and Advocate Mines Limited will also be submitted for your consideration.

A Company is being incorporated to take over the ownership and management of the Fibroply Plant near Donovans. My Ministers hope to be able to introduce the necessary legislation during the present Session.

Experience gathered at the last Provincial Election has disclosed certain weaknesses in our Election Act, it being found that certain servicemen and their dependents were disenfranchised. In this respect our legislation is similar to that prevailing in the other Provinces. My Ministers have had this matter under consideration and amendments to The Election Act will be introduced remedying this situation. At the same time my Ministers will recommend that the voting age of electors be reduced so as to enable those of twenty years of age and over to vote in Provincial Elections.

Because of the great emphasis which my Ministers are placing on the need for technical and vocational education, and in view of the fact that twelve such institutions will be available from September next, it is felt that present legislation is insufficient to handle the programme proposed. A new Bill will therefore be introduced providing for the repeal of existing laws and the enactment of legislation which will prepare the way for greatly expanded work in this field.

My Ministers will submit for your consideration a Bill to provide for the training and classification of teachers. This Bill is both a consolidation and revision of present legislation on this subject.

Amendments will also be introduced to The Education Act and to The Education (Teachers' Pensions) Act.

My Ministers have concluded an Agreement with Robin Hood Flour Mills Limited for the establishment and operation of a feed mill and storage facilities. This Agreement has been executed and a Bill will be submitted for its ratification.

It has been the policy of my Ministers to extend the supply of electricity to our people. With this end in view a Bill will be presented providing for the distribution, under the management of a Local Board, of electricity in rural areas which cannot be supplied commercially.

A Bill will be introduced consolidating and revising The Social Security Assessment Act. This Bill will clarify existing Acts but no increase in rates is contemplated.

A number of Bills dealing with departmental matters will be submitted for your consideration.

Mr. Speaker and Members of the Honourable House of Assembly:

I will ask that you grant Supply to Her Majesty and, to that end, Estimates will be laid before you in due course.

I invoke the blessing of Almighty God upon your deliberations and pray that your work in this your First Session will ensure to the benefit of all our people.

His Honour the Lieutenant Governor then left the Assembly Chamber.

Mr. Speaker resumed the Chair.

Honourable the Attorney General asked leave to introduce a Bill entitled "An Act Further To Amend The Companies Act."

On motion of Honourable the Attorney General, and by leave of the House, the said Bill was introduced and read a first time.

On motion it was ordered that the said Bill be read a second time on to-morrow.

Mr. Speaker announced that His Honour the Lieutenant Governor had been pleased to make a speech to the Members met in General Assembly, and that for greater accuracy he had obtained a copy.

It was unanimously agreed that the speech should be taken as read.

It was moved by Mr. Earle, seconded by Mr. Hill, and supported by Honourable the Leader of the Opposition, that an Address in Reply be presented to His Honour the Lieutenant Governor in reply to the gracious speech with which he had been pleased to open the present Session of the Legislature, and that a Select Committee be appointed to draft such Address in Reply.

It was ordered accordingly and the following Members were appointed to said Committee:

Mr. Earle,
Mr. Hill,
Mr. W.J. Smith.

Honourable the Premier tabled the following reports:

"Reports 1 & 2 Newfoundland Fisheries Commission."
"Report of Nat. Fisheries Development to Govt Canada by Govt. Nfld."
"Annual Report of the Newfoundland Power Commission for the year ending 31st March, 1962."

Honourable the Attorney General gave notice that he would on to-morrow ask leave to introduce the following Bills:

A Bill "An Act To Amend The Hamilton Falls Power Corporation Limited (Lease) Act, 1961, and To Amend The Agreement made in Pursuance of That Act and to Make Certain Statutory Provisions Relating to That Agreement."

A Bill "An Act To Ratify and Confirm An Agreement Made Between The Government and Robin Hood Flour Mills Limited."

Honourable the Minister of Mines, Agriculture and Resources gave notice that he would on to-morrow ask leave to introduce the following Bills:

- A Bill "An Act Further To Amend The Government-British Newfoundland Exploration Limited (Authorization of Agreement) Act, 1957."
- A Bill "An Act Further To Amend The Forest Fires Act."
- A Bill "An Act Further To Amend The Wild Life Act."

Honourable the Minister of Finance gave notice that he would on to-morrow ask leave to move the House into a Committee of the Whole to consider certain Resolutions for the granting of Interim Supply to Her Majesty.

Honourable the Minister of Education gave notice that he would on to-morrow ask leave to introduce the following Bills:

- A Bill "An Act To Amend The Education (Teachers' Pensions) Act, 1962."
 - A Bill "An Act Further To Amend The Education Act, 1960."
 - A Bill "An Act To Provide For Technical and Vocational Training in the Province."
- Mr. Browne gave notice of Question.

Honourable the Premier tabled "The Sunday Times Newfoundland Supplement."

It was moved and seconded that when the House rises, it adjourn until to-morrow, Monday afternoon, March 25th., at three of the clock.

The House then adjourned accordingly.

ROBERT W. SHEPHERD,
Clerk of the House of Assembly.

Monday, March 25th., 1963.

The House met at three of the clock in the afternoon, pursuant to adjournment.

Mr. Barbour presented a petition from Keels re: Electricity.

Mr. Lewis presented a petition from Conception Harbour re: Cold Storage Plant.

Mr. Earle, on behalf of the Select Committee appointed to draft a reply to the Speech of His Honour the Lieutenant Governor, presented the report of the Select Committee as follows:

To His Honour the Lieutenant Governor,
The Honourable Fabian O'Dea, Q.C.

May it please Your Honour,

We, the Commons of Newfoundland, in Legislative Session assembled, beg to thank Your Honour for the Gracious Speech which Your Honour has addressed to this House.

(Sgd.) H. R. V. Earle,
G. I. Hill,
W. J. Smith.

Assembly Room,
March 20th., 1963.

On motion and by leave of the House the debate on the Address in Reply was deferred until a later hour in the day.

Honourable the Premier gave notice that he would on to-morrow, pursuant to Standing Order 88 move that the following, namely, the Honourable the Attorney General, the Honourable the Minister of Finance, the Honourable the Minister of Highways, the Honourable the Minister of Health and the Honourable the Leader of the Opposition, be a Committee to prepare a list of Members to comprise the Standing Committees of the House named in such Order.

Honourable the Minister of Fisheries gave notice that he would on to-morrow ask leave to move the House into a Committee of the Whole to consider certain Resolutions respecting the bounty payable on vessels built in Newfoundland.

Honourable the Leader of the Opposition gave notice that he would on to-morrow move: That in the opinion of this House 1. Any tax sharing arrangements between the Federal and Provincial Governments should implement the principal of fiscal need as fully as available funds will permit; and 2. Equalization of payments to provinces on a per capita basis under a tax sharing agreement will not achieve this aim as it does not recognise the relative inadequacy of other sources of revenue available to some provinces for the furnishing of essential public services.

Robert W. Shepherd

ROBERT W. SHEPHERD,
Clerk of the House of Assembly.

Friday, February 14th., 1964.

The House met at three of the clock in the afternoon, pursuant to adjournment.

The Sergeant-at-Arms announced that His Honour the Lieutenant Governor had arrived.

His Honour the Lieutenant Governor took the Chair.

His Honour the Lieutenant Governor was then pleased to make the following speech:

MR. SPEAKER AND MEMBERS OF THE HONOURABLE HOUSE OF ASSEMBLY:

I have deemed it in the public interest not to prorogue the First Session of the Thirty-Third General Assembly until the present time. I wish to thank all Honourable Members for their co-operation in this respect.

This Session has been a most fruitful one. In all, you have submitted for my assent over eighty pieces of legislation, many of which have already had, and will continue to have, far-reaching effects on the social and economic life of the Province.

In the field of agriculture legislative provision has been made for the building of modern feed grain storages and the erection and operation of a feed mixing plant at Long Pond and Donovan's, respectively. As a result of these measures it is hoped that the livestock industry of the Province will be enabled to expand at a faster rate than was heretofore possible. Legislation has also been enacted to assist in the marketing of farm products and to permit the Province to work with the Government of Canada under the Agricultural Rehabilitation and Development Act, commonly known as ARDA.

The extensive programme in vocational and technical education has resulted in the enactment of additional legislation to enable the Province to take maximum advantage of the assistance being offered by the Government of Canada in this matter.

Also in the field of education, the statutes dealing with the training of teachers in Newfoundland have been revised and consolidated.

The ever-growing medical needs of our people have been recognized by your attention to legislation designed to provide hospitals at Bell Island, Happy Valley, Labrador City and Baie Verte, as well as an extension to the existing medical services at Corner Brook. These new facilities will provide almost three hundred additional hospital beds throughout the Province.

In the field of social welfare you have dealt with a Bill making possible the building of a new Home for the Aged and Infirm to replace the present Home in St. John's which is very old and is now inadequate to cope with existing needs.

Various Bills connected with local government and municipal affairs have come to your attention. The St. John's Metropolitan Area Act will provide for the orderly development of the important area surrounding the City of St. John's and the Town of Mount Pearl, while the Rural Electrification Act, which authorizes the setting up of Power Distribution Districts to assist municipalities in obtaining their own electricity, is an indication of the increasing aspirations of our people to improve their standards of living.

Your deliberations in connection with the several Bills relating to labour matters introduced by my Ministers in this Session have resulted in some modification of the legislation which it was necessary to enact during the labour crisis which arose several years ago. My Ministers have also been concerned over the confusion and lack of uniformity existing in shop closing practices throughout the Province. As a result of your efforts the new Hours of Work Act, which repeals all previous shop closing legislation, will, it is believed, do much to remedy the unsatisfactory state of affairs which has previously existed.

My Ministers are most interested in the celebrations proposed to be held throughout Canada in 1967 to mark the centenary of Confederation. In this regard enabling legislation has been adopted providing for the establishment of a corporation under the name of "The Confederation Centenary Committee" to prepare plans for and to encourage the participation of Newfoundland in the fitting observance of these celebrations.

Provision has been made to enable my Government to increase the remuneration of the more qualified teachers of the Province. As a result of this action on your part, it is hoped that more teachers will be encouraged to seek higher professional

standards and that others will be induced to remain in the Province, thus reducing the loss of high grade teachers to other provinces.

MR. SPEAKER AND MEMBERS OF THE HONOURABLE HOUSE OF ASSEMBLY:

I thank you for the provision, by far the largest in the history of our Province, which you have made for all essential public services thus enabling my Ministers to proceed with their plans for further development, especially in road construction, education and the provision of hospital services.

In releasing you from your duties at this time I thank you for the careful attention that you have given to all matters coming before you during this Session. As a result of your faithful service, our beloved Province has benefited in many ways during the past year. It is my sincere hope that Divine Providence will continue to guide you and our people as, together, we look confidently to the future.

His Honour the Lieutenant Governor left the Assembly Chamber.

Mr. Speaker resumed the Chair.

Mr. Speaker then said:

It is the will and pleasure of His Honour the Lieutenant Governor that this General Assembly be prorogued until Wednesday the twenty-sixth day of February next, and this Assembly is prorogued accordingly.

ROBERT W. SHEPHERD,
Clerk of the House of Assembly.
