

Livestock Owners Compensation Board

Annual Performance Report 2023-24

Chairperson's Message

The Honourable Gerry Byrne
Department of Fisheries, Forestry and Agriculture
Petten Building
30 Strawberry Marsh Road
P.O. Box 8700
St. John's, NL
A1B 4J6

Dear Minister Byrne:

I am pleased to submit the Annual Performance Report for the Livestock Owners Compensation Board (the LOCB), a category three public body under the **Transparency and Accountability Act**. This report covers the period April 1, 2023, to March 31, 2024.

The LOCB recognizes its legislative role under the **Livestock Insurance Act** (the Act) to establish and carry out a Livestock Insurance Program under the direction, supervision and control of the Minister of the Department of Fisheries, Forestry and Agriculture (FFA).

The LOCB has prepared this report to outline its activities during the 2023-24 fiscal year in fulfillment of the objective established under the 2023-26 Activity Plan. The Provincial Government's commitment to increasing the province's food self-sufficiency has been considered in the preparation of this report.

As Chairperson, my signature on behalf of the LOCB signifies its accountability for the preparation of this report and the results reported herein.

Respectfully submitted,

A handwritten signature in cursive script that reads "C. MacDonald".

Cynthia MacDonald
Chairperson

Overview

Livestock Insurance is a provincial program designed to provide insurance to compensate Newfoundland and Labrador producers for the death or injury of sheep, goats, dairy cattle or beef cattle caused by dogs or other predators. Producers, who register their animals for insurance prior to April 1 of each year and who pay the insurance premiums, are covered until March 31 in the event any of their animals are killed or severely injured by a predator. Under the Act, the LOCB will insure an owner against loss or severe injury of livestock caused by dogs or other predators, subject to limitations and restrictions set out in the Act and the Contract of Insurance.

The Livestock Owners Compensation Board (LOCB) is appointed by the Provincial Government. Subsection 3(2) of the Act provides for the membership of the LOCB. The membership of the LOCB shall consist of not less than three and not more than five members to be appointed by the Lieutenant-Governor in Council to hold office at pleasure. Appointments are made using a merit-based process; however, gender balance is considered during the appointment process and efforts are made to ensure the LOCB is representative of the population it serves.

As of March 31, 2024, the LOCB consisted of the following members:

Name	Title	Appointment Term	Community
Cynthia MacDonald	Chairperson, Director of Agriculture Business Development, FFA	At Pleasure	Corner Brook
Janice Gill	Vice-Chairperson, Provincial Government Representative	February 10, 2023 – Until no longer in position	Corner Brook
Afton Lambert	Provincial Government Representative	February 10, 2023 – Until no longer in position	Corner Brook
Nathan Dennis	Producer Representative	February 16, 2023 – February 16, 2027	Cormack
Melvin J. Rideout	Producer Representative	February 10, 2023 – February 10, 2027	Cormack

Livestock owners throughout Newfoundland and Labrador are able to purchase insurance at reasonable rates for dairy cattle, beef cattle, sheep and goats through the Livestock Insurance Program (the Program). The 2023-24 premium and indemnity rates are detailed in Annex A. Livestock insurance offers financial protection against losses from predatory animal attacks. Losses due to other factors such as disease or fire are not covered by the Program.

The LOCB operates on a budget of \$11,005 annually, dependent upon the number of indemnity payments made in the year and falls under the purview of FFA. The annual financial statements of the LOCB (see Annex B) are prepared and audited by the Office of the Auditor General of Newfoundland and Labrador. Annual revenues in 2023-24 were \$9,832 and included administrative costs paid by the Provincial Government of \$9,741 and premiums received from livestock owners of approximately \$91. Annual expenditures in 2023-24 were \$9,742, which included administration costs and bank fees. The LOCB revenues and expenditures vary from year to year due to changes in Program participation and the degree of livestock losses. Application packages, including premium/coverage rates, application forms and other Program details, were mailed to 140 eligible producers. Application information was emailed to Agricultural Development Officers for circulation to any interested producers. Three producers availed of the Program in 2023-24 and there were no indemnity claims.

Agricultural Development Officers employed by FFA carry out field work for the LOCB. The Program Manager is also employed by FFA. Administration expenses consist of a salary allocation and professional services. Revenues are premiums paid by applicants to the Program.

The trend in the provincial industry over the last two decades has been a gradual decrease in the number of animals insured under the Program, from more than 1,200 provincial animals in 1999-2000 to a total of 27 in 2023-24. The overall decrease in the number of animals insured and the downward trend in indemnity claims is likely a result of producers putting more focus on mitigating risk in the form of predator control fencing, use of guard animals and keeping their animals closer to their homes.

Table 1: 2023-24 Livestock Insurance Specifics

	Sheep	Lambs	Goats	Beef Cattle	Total
Insured Animals (#)	10	10	7	0	27
Premiums Collected (\$)	42	33.50	15.50	0	91
Coverage (\$)	2,100	1,250	1550	0	4,900
Indemnity (\$)	0	0	0	0	0
Claims (#)	0	0	0	0	0

The LOCB headquarters is located in Corner Brook at 192 Wheeler's Road, with six field offices located across the province. To contact the LOCB, please call LOCB Headquarters at 709-637-2077.

Lines of Business

The LOCB provides compensation to owners of sheep, goats and cattle in the unfortunate event that their animals suffer injury or death by roaming dogs or other predators such as coyotes, lynx and bears. All types of predator attacks are compensated for provided that the carcass of the injured or dead animal and corresponding ear tag are available for inspection. These Program requirements are necessary to reduce the moral hazard that may affect indemnity claims.

Applications for livestock insurance are mailed to the producers at the end of each fiscal year, for the upcoming fiscal year. Livestock owners must file identifying tag numbers with the LOCB at that time along with the premiums payable to the LOCB. The producers forward the completed application to the Agricultural Development Officers who verify the livestock tag numbers. Any claims for livestock loss are reported to the Agricultural Development Officers who are responsible for verifying the claim and the tag number of insured livestock and taking pictures, where possible.

The majority of livestock insured under the Program are sheep due mainly to their vulnerability to attack on private and community pastures by roaming dogs and other predators such as coyotes, lynx and bears. A small number of goats and cattle have been insured under the Program. The relatively small number of cattle insured is due to their larger physical size compared to most predators.

The premium rates are announced by the Minister of FFA prior to the beginning of the new fiscal year. Producers pay one hundred per cent of the livestock insurance premium and the Department is responsible for the costs to administer the Program.

Vision

Through the Livestock Insurance Program, the LOCB protects investments in livestock. By easing the financial burden caused by livestock loss, the Program helps ensure resources are available for future generations and helps ensure prospects for future development. This contributes to the vision of FFA, stated as follows:

The vision of FFA is that of sustainable renewable resources that are responsibly developed for the social, cultural, ecological and economic well-being of the province.

Mandate

The mandate of the LOCB is to establish and carry out a Livestock Insurance Program under the direction, supervision and control of the Minister of FFA. The LOCB shall:

- Administer plans of livestock insurance established under the **Livestock Insurance Act** or the Regulations;

- Fix by order, and publish in the Gazette the prescribed amount in respect of each class of livestock that may be paid out of the fund for losses caused by dogs or predators;
- Conduct surveys and research programs relating to insurance and obtain statistics for the purposes of the Board;
- Evaluate and determine livestock losses and pay claims under a plan;
- Enter into agreements with, or retain persons for the soliciting and receiving of applications for instance, the collecting of premiums and the adjusting of claims under plans for and on behalf of the Board, and other tasks on its behalf that the Board considers necessary;
- Require an applicant for livestock insurance or an insured person to provide the information, statements and reports that the Board may require;
- Exercise the powers and perform the duties that are conferred or imposed upon it under the **Livestock Insurance Act** or another Act;
- Perform the other functions and discharge the other duties that are assigned to it by the Lieutenant-Governor in Council; and
- Make the orders and directions that are necessary to enforce the observance of the **Livestock Insurance Act**, the Regulations or a plan.

For more details on the LOCB's legislated mandate, please refer to the Act located at <https://www.assembly.nl.ca/Legislation/sr/statutes/l23.htm>.

Highlights and Partnerships

Throughout the 2023-24 fiscal year, the LOCB continued to partner with members of the livestock industry to promote and deliver a risk management product to livestock producers. The Program provides producers with the opportunity to implement financial safeguards in the event of an animal loss and enhances the sector's capacity for agricultural growth and food self-sufficiency.

Report on Performance

In its 2023-26 Activity Plan, administration of the Program was identified as the key priority of the LOCB for the planning period.

Through the administration of the Program, the LOCB's activities during 2023-24 directly supported primary agriculture production, thus supporting government's commitments to increasing the province's food self-sustainability. Activities also contributed to overall agrifoods resource management and provided direct support to industry to help strengthen competitiveness, both factors that support the commitments of the Provincial Government toward food self-sustainability.

The objective and indicators below are derived from the LOCB's 2023-26 Activity Plan. This is the first year of the 2023-26 planning period. As the focus of the LOCB will remain the same for the planning period, the LOCB will report on the same objective and indicators in all three years. For more information, please view the activity plan here: <https://www.gov.nl.ca/ffa/files/LivestockActivityPlan2023-2026.pdf>.

Issue: Management and Administration of the Livestock Insurance Program

The primary issue of the LOCB is to deliver the Program to the livestock producers of Newfoundland and Labrador who choose to participate and to monitor the sustainability of the insurance fund, which accumulates premiums and pays indemnities.

Objective

By March 31, 2024, the Livestock Owners Compensation Board will have continued to offer an insurance plan to producers under the Act and performed ongoing monitoring and assessment of the insurance fund.

Indicators

- **Registered all applications and issued livestock insurance agreements to approved applicants within 30 days.**

The LOCB sent paper and electronic applications to livestock producers and industry representatives during the 2023-24 fiscal year. Three producers who were interested in participating in the Program returned completed applications by the application deadline of April 1, 2023. Upon receipt of these applications, participants were registered in the LOCB's databank. Insurance agreements were issued to all three approved applicants within 30 days and a copy placed in the participant's file. The agreements outlined the terms and conditions of the Program and the responsibilities of both the participant and the LOCB.

- **Inspected and reviewed all livestock claims within 10 business days and forwarded to LOCB members for decision.**

There were no livestock claims submitted in 2023-24.

- **Communicated decisions to applicants within 30 days.**

There were no livestock claims submitted in 2023-24.

Opportunities and Challenges

The LOCB recognizes the challenge of declining participation over the past several years. In an effort to attract participants the decision was made at the annual meeting in December 2023 to allow the submission of a maximum of three claims for insured animals where eartags are not available as long as a carcass is available for inspection.

As the Agricultural Development Officers become aware of new livestock producers, they forward contact information to the LOCB for spring mail-outs of Program applications, which helps ensure that all new producers are made aware of the Program. Information related to livestock insurance is posted on the Government of Newfoundland and Labrador webpage, as well as FFA's Twitter account. An Advertisement was placed in the winter edition of the AgriView to promote the livestock insurance program prior to the 2023 application deadline.

As producers move towards more intensive and indoor production practices the requirement for protection against predators tends to diminish. Animals may be kept inside barns to protect from predators which results in limited losses due to predator attacks.

Annex A:

2023-24 Premium and Compensation Rates for Livestock Insurance

SHEEP		
CLASS	BASE PREMIUM	COMPENSATION
Grade Ram	\$4.20	\$210.00
Grade Ewe	\$4.20	\$210.00

	COST	MINIMUM TRIGGER
Tier 1	Base Premium	—
Tier 2	Base Premium + \$1 additional for each head insured	3 claims or 8 animals in previous insured year
Tier 3	Base Premium + \$2 additional for each head insured	4 claims or 10 animals in previous insured year
Tier 4	Base Premium + \$3 additional for each head insured	5 or more claims or more than 10 animals in previous insured year

Tier 2 Duration:

Insured would stay at Tier 2 until they have maintained Tier 1 requirements of less than 3 claims and less than 8 animals each year for five consecutive insured years at which time they return to Tier 1.

Tier 3 Duration:

Insured would stay at Tier 3 until they have maintained Tier 1 requirements of less than 3 claims and less than 8 animals each year for five consecutive insured years at which time they return to Tier 1.

Tier 4 Duration:

Insured would stay at Tier 4 until they have maintained Tier 1 requirements of less than 3 claims and less than 8 animals each year for five consecutive insured years at which time they return to Tier 1.

Annex B:
2023-24 Financial Statements

LIVESTOCK OWNERS COMPENSATION BOARD

FINANCIAL STATEMENTS

MARCH 31, 2024

Office of the Auditor General

Management's Report

Management's Responsibility for the Livestock Owners Compensation Board Financial Statements

The financial statements have been prepared by management in accordance with Canadian public sector accounting standards and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that transactions are properly authorized, assets are safeguarded and liabilities are recognized.

Management is also responsible for ensuring that transactions comply with relevant policies and authorities and are properly recorded to produce timely and reliable financial information.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial information periodically and external audited financial statements yearly.

The Auditor General conducts an independent audit of the annual financial statements of the Livestock Owners Compensation Board in accordance with Canadian generally accepted auditing standards, in order to express an opinion thereon. The Auditor General has full and free access to financial management of the Livestock Owners Compensation Board.

On behalf of the Livestock Owners Compensation Board.

Ms. Cynthia MacDonald, P.Ag.
Director of Agriculture Business Development

OFFICE OF THE AUDITOR GENERAL
NEWFOUNDLAND AND LABRADOR

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Livestock Owners Compensation Board,
Corner Brook, Newfoundland and Labrador

Opinion

I have audited the financial statements of the Livestock Owners Compensation Board, which comprise the statement of financial position as of March 31, 2024, the statement of operations for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Livestock Owners Compensation Board as of March 31, 2024, and the results of its operations for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

I conducted my audit in accordance with Canadian generally accepted auditing standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Livestock Owners Compensation Board in accordance with the ethical requirements that are relevant to my audit of the financial statements in Canada, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and my auditor's report thereon. The annual report is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated. When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance.

Independent Auditor's Report (cont.)

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Livestock Owners Compensation Board's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Livestock Owners Compensation Board or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Livestock Owners Compensation Board's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Livestock Owners Compensation Board's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report (cont.)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Livestock Owners Compensation Board's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Livestock Owners Compensation Board to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

DENISE HANRAHAN, CPA, CMA, MBA, ICD.D
Auditor General

The accompanying notes are an integral part
of these financial statements

LIVESTOCK OWNERS COMPENSATION BOARD
NOTES TO FINANCIAL STATEMENTS
March 31, 2024

1. Nature of operations

The Livestock Owners Compensation Board operates under the authority of the Livestock Insurance Act. The purpose of the Livestock Owners Compensation Board is to operate the Livestock Owners Compensation Fund to provide insurance to farmers of the Province to restrict the amount of livestock loss. Its affairs are managed by a Board of Directors appointed by the Lieutenant-Governor in Council. These statements are a representation of the activities of the Livestock Owners Compensation Board.

The Livestock Owners Compensation Board is a Crown entity of the Province of Newfoundland and Labrador and as such is not subject to Provincial or Federal income taxes.

2. Summary of significant accounting policies

(a) Basis of accounting

The Livestock Owners Compensation Board is classified as an Other Government Organization as defined by the Canadian public sector accounting standards (CPSAS). These financial statements are prepared by management in accordance with CPSAS for provincial reporting entities established by the Canadian Public Sector Accounting Board (PSAB). The Livestock Owners Compensation Board does not prepare a statement of change in net financial assets and a statement of cash flows as this information is readily apparent from the other statements. In addition, the Livestock Owners Compensation Board does not prepare a statement of re-measurement gains and losses as the Livestock Owners Compensation Board does not enter into relevant transactions or circumstances that are being addressed by the statement.

(b) Financial instruments

The Livestock Owners Compensation Board's financial instruments recognized in the statement of financial position consist of cash. The Livestock Owners Compensation Board generally recognizes a financial instrument when it enters into a contract which creates a financial asset or financial liability. Financial assets are initially measured at cost, which is the fair value at the time of acquisition.

The Livestock Owners Compensation Board subsequently measures all of its financial assets at cost. Financial assets measured at cost include cash.

The carrying value of cash approximates current fair value due to the nature associated with this instrument.

(c) Cash

Cash includes cash in bank.

LIVESTOCK OWNERS COMPENSATION BOARD
NOTES TO FINANCIAL STATEMENTS
March 31, 2024

2. Summary of significant accounting policies (cont.)

(d) Revenue recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers (Payments on behalf of the Board) are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except when and to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulations giving rise to the liabilities are settled.

There is no revenue from non-recurring activities with performance obligations presented in these financial statements.

(e) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

The Livestock Owners Compensation Board is administered as a division of the Department of Fisheries, Forestry and Agriculture. Expenses related to salaries and other administrative costs are paid directly by the Department of Fisheries, Forestry and Agriculture and are reflected in these financial statements as expenses of the Livestock Owners Compensation Board and as revenue from the Province.

Indemnity claims are reported on an accrual basis. Indemnity claims are paid to insured persons upon approval by the Board of Directors of submitted insurance claims.

(f) Accounting Pronouncements

The Livestock Owners Compensation adopted PS 3400 Revenue, effective, April 1, 2023, which establishes standards on how to account for and report on revenue. PS 3400 sets out general guidance for how entities recognize, measure, present and disclose revenue arising from transactions that include performance obligations (exchange transactions). There are two approaches to recognizing revenue with performance obligations: at a point in time or over a period of time. This determination is made based on when a performance obligation is satisfied.

LIVESTOCK OWNERS COMPENSATION BOARD
NOTES TO FINANCIAL STATEMENTS
March 31, 2024

(f) Accounting Pronouncements (cont.)

PS 3400 has been applied prospectively to these financial statements and as permitted by the transitional provisions; prior periods were not restated.

The implementation of this new Standard did not have a material impact on the financial statements.

3. Financial risk management

The Livestock Owners Compensation Board recognizes the importance of managing risks and this includes policies, procedures and oversight designed to reduce risks identified to an appropriate threshold. The only risk that the Livestock Owners Compensation Board is exposed to through its financial instruments is liquidity risk. There was no significant change in the Livestock Owners Compensation Board's exposure to this risk or its processes for managing this risk from the prior year.

Liquidity risk

Liquidity risk is the risk that the Livestock Owners Compensation Board will be unable to meet its financial liabilities as they come due. The Livestock Owners Compensation Board manages liquidity risk by monitoring its cash flows and ensuring that it has sufficient resources available to meet its financial liabilities.

4. Related party transactions

The Livestock Owners Compensation Board is administered by employees of the Department of Fisheries, Forestry and Agriculture. Estimated salary costs of \$8,941 (2023 - \$10,613) applicable to the operation of the Livestock Owners Compensation Board have been paid by the Department of Fisheries, Forestry and Agriculture and are reflected in these financial statements as expenses of the Livestock Owners Compensation Board and as revenue from the Province. These transactions are in the normal course of business measured at the exchange amount.

LIVESTOCK OWNERS COMPENSATION BOARD
NOTES TO FINANCIAL STATEMENTS
 March 31, 2024

5. Expenses by object

The following is a summary of expenses by object:

	<u>2024</u> <u>Budget</u> Unaudited (Note 6)	<u>2024</u> <u>Actual</u>	<u>2023</u> <u>Actual</u>
Bank charges	\$ 5	\$ 1	\$ 2
Indemnity claims	500	-	-
Salaries (Note 4)	10,500	8,941	10,613
Advertising & Promotion	-	800	-
	<u>\$ 11,005</u>	<u>\$9,742</u>	<u>\$ 10,615</u>

6. Budgeted figures

Budgeted figures, which have been prepared on a cash basis, are provided for comparison purposes and have been approved by the Board of Directors. Budgeted figures included in the financial statements are unaudited.
