MESSAGE FROM THE SENIORS' ADVOCATE

I am pleased to present the first Activity Plan for the Office of the Seniors' Advocate covering 2018 - 2020. This Office is a Statutory Office of the House of Assembly of Newfoundland and Labrador. It has been designated as a Category 3 entity as per the **Transparency and Accountability Act**. As such, this Office is required to prepare an Activity Plan that sets clear direction for its activities for the next two years.

This Plan is written in consideration of the Legislative authority of this Office under the **Seniors' Advocate Act**. As the Seniors' Advocate for Newfoundland and Labrador I am accountable for the preparation of this plan and achievement of the objectives.

The Office of the Seniors' Advocate was created in 2017 with a very clear mandate to address systemic issues impacting the seniors of this province. It is my responsibility to seek input from seniors and to determine where they believe gaps exist in legislation, policies, programs and services. Once gaps are identified as systemic my Office can complete comprehensive reviews and make recommendations for positive change.

This Activity Plan outlines our priorities and performance measures we will achieve over the next two years. As this is the Office's first Activity Plan, it provides a foundation for future activities as we shape and measure our performance for this inaugural year.

I am truly honoured and humbled to have been appointed as Newfoundland and Labrador's first Seniors' Advocate. And while I have a challenging mandate, the work of the Office of the Seniors' Advocate is so very important because it impacts us all directly or indirectly; at present or in the future.

Suzanne Brake, PhD
Seniors' Advocate

OVERVIEW

The Office of the Seniors' Advocate was created through the **Seniors' Advocate Act** which was proclaimed on December 14, 2016. The Act and Regulations came into force on July 5, 2017. Authority and duties for the Office are outlined in the Act.

Dr. Suzanne Brake was appointed as Newfoundland and Labrador's first Seniors' Advocate on November 7, 2017. Dr. Brake's first term is for six years. Each year the Seniors' Advocate must report to the House of Assembly through the Speaker of the House of Assembly on the exercise and performance of her powers and duties under the Act.

The Office has four staff: the Advocate, two Systemic Advocacy Consultants and an Administrative Officer. The Advocate is an independent Officer of the House of Assembly and reports directly to the Legislature through the Speaker. The other staff members are part of the Public Service of the Government of Newfoundland and Labrador.

The House of Assembly Management Commission approved the Office's budget of \$500,000 for fiscal year 2018-2019:

LINES OF BUSINESS

Systemic Advocacy

Systemic issues impact large numbers of people. The Office of the Seniors' Advocate can identify, analyze and review systemic matters related to seniors. These systemic issues are brought to the attention of the Office through input from individuals, organizations, service providers, research and media reports. The issues fall under five broad categories: health care, personal care, housing, transportation or finances.

Systemic reviews may include research, consultations and information requests. Conclusions drawn from reviews may form the basis of recommendations to government, government agencies, service providers and community groups respecting legislation, policies, programs and services impacting seniors. The Advocate will closely monitor all recommendations to assess how they are implemented.

Collaboration

The Office of the Seniors' Advocate works with seniors' organizations, public or private service providers (as per the regulations in the Act) that fund or deliver seniors' services, and others to identify and address systemic seniors' issues.

This Office does not address individual seniors' issues. If the Seniors' Advocate becomes aware of an individual senior's matter, the Advocate may refer that senior to the Office of the Citizens' Representative.

Seniors who need information on programs or services are referred to SeniorsNL which can help seniors anywhere in the province. SeniorsNL records the details from all calls on its electronic tracking system. This information is also available to the Office to help with its systemic monitoring.

Public Awareness

The Seniors' Advocate listens to seniors and voices their concerns. The Office of the Seniors' Advocate works to make sure the public is aware of its duties and powers. Members of the public are invited to contact the Office for information about the **Seniors' Advocate Act** and the operation of the Office.

The Advocate has committed to ongoing outreach throughout the province to gather data and share information with the public, especially seniors. Where it is in the public interest, or in the interest of a person, department or government agency, the Advocate may publish reports as related to the Advocate's powers and duties. These reports may or may not be the subject of a report made to the House of Assembly under this Act.

VALUES

The Office of the Seniors' Advocate believes strongly in its role as an independent voice for seniors in this province. Every effort is taken to ensure that the integrity and core values of this Office are reflected in its service to the public and in its internal activities.

Value	Action Statement
Independence	Powers and duties will be applied in an open, unbiased manner. There will be no conflict of interest or undue influence during any stage of the review process. Every effort will be made to provide timely, accurate and fair recommendations.
Respect	Every individual in contact with this Office will be treated with respect. Differing opinions will be valued in an open, collaborative spirit.
Diversity	Every person is unique and the seniors' population, as a group, are not all alike. Differences in experiences and opinions will be welcomed and used to build an open, accepting and strong service to the public.
Empowerment	This Office will support and encourage seniors to use their voices. Seniors will know that their issues are important and that they have a role in making positive changes.

PRIMARY CLIENTS

The primary clients of the Office of the Seniors' Advocate are seniors. The systemic needs of older adults is the main concern of this Office. The **Seniors' Advocate Act** defines a "senior" as an individual who is 65 years of age or older, or less than 65 years

of age and receives seniors' services. "Seniors' services" are the programs, services or systems of support, prescribed in the regulations, that are related to health care, personal care, housing, transportation or finances that are used by or associated with seniors. "Service providers" means the public or private persons or bodies prescribed in the regulations who fund or deliver, in whole or in part, seniors' services.
