Message from the Chairpersons

The Wilderness and Ecological Reserves Advisory Council (WERAC), a body that advises government through the Minister of Environment and Conservation on the establishment, management and termination of wilderness and ecological reserves within the province, is a Category 3 government entity as defined in the *Transparency and Accountability Act*. In keeping with the legislated requirements of the Act, the following transitional activity plan, developed by WERAC, directs our activities for a period of one year. Future plans will be prepared for a three year planning period. Through regular council meetings, drafting of correspondence, consultations with interested government departments, industry stakeholders and the general public, the Advisory Council is confident that goals of this planning period are achievable.

In accordance with the Minister's strategic direction on the establishment of a Natural Areas Systems Plan (NASP), WERAC is committed to identifying and examining areas of the province for reserve designation and ensuring that all public and private interests are fairly heard and considered when reserves are being planned and established. An outline of this strategic direction is documented in Appendix A.

1. Overview

The *Wilderness and Ecological Reserves Act* (1980, Section 7) provides for an Advisory Council to advise government on the establishment, management and termination of wilderness and ecological reserves within the province. This Council consists of eleven (11) members appointed by the Lieutenant-Governor in Council (LGC). A minimum of six (6) of these members must represent the public and all members serve for a period of three (3) years. Members are eligible for re-appointment.

Minimal qualifications for the appointment of individuals to WERAC include:

- significant training, experience or employment in the field of natural resources
- appreciation of the role of the Wilderness and Ecological Reserves Advisory Council and the Reserves establishment process
- interest in and commitment to the protection of our natural heritage
- ability to work in a committee setting and time to commit to the working of the Council

Council members serve as volunteers; however, travel, accommodations and related costs are provided by the current account budget of Parks and Natural Areas Division (PNAD), Department of Environment and Conservation. During the fiscal year 2006-07, WERAC's budget was \$44,000.

Typically, the council meets four times a year, for two days each time at various locations around the province. The WERAC Secretariat, consisting of an Executive Secretary, operates from the PNAD's headquarters in Deer Lake. Information for WERAC's review can be forwarded to the WERAC Secretariat or by contacting their e-mail address; werac@gov.nl.ca.

Together, WERAC and the Division work together to ensure that all public and private interests are fairly heard and considered when reserves are being planned, established and terminated. WERAC makes its recommendation on reserve creation/termination to Government, Government itself makes the final decisions.
