The Said Commissioners left the Assembly Chamber.
The House adjourned until three of the clock.

At three of the clock the Honourable Robert S. Furlong, Chief Justice, and the Honourable Sir Brian Dunfield and Honourable Harry A. Winter, Judges of the Supreme Court, entered the Assembly Chamber.

The following commission was then read by the Clerk of the House:

BY HIS HONOUR the Honourable Campbell
Macpherson, Officer of the Most
Excellent Order of the British Empire,
Lieutenant-Governor of the Province of
Newfoundland.

Campbell Macpherson,
Lieutenant-Governor.

To: Honourable Robert Stafford Furlong, Chief Justice,

and

Honourable Sir Brian Dunfield

and

Honourable Harry A. Winter, Judges of the Supreme Court,

GREETING:

A P R O C L A M A T I O N

WHEREAS I have deemed it expedient that the First Session of the Thirty-Second General Assembly should be open for the despatch of business on Wednesday, the twentieth day of April, 1960, whereof I have given notice in my Proclamation dated the twelfth day of April, 1960; and

WHEREAS it is not convenient that the purpose for which I have called the said General Assembly together should be declared on the said day nor until the Members of the House of Assembly have proceeded to the choice of a Speaker, you, the said Honourable Robert Stafford Furlong, Honourable Sir Brian Dunfield and

Honourable Harry A. Winter, or any of you, are hereby authorized and directed to signify to the Members of the said House of Assembly on the twentieth day of April, 1960, that it is my pleasure that they should proceed to the choice of some proper person to be their Speaker and present such person on the same day for my approbation.

GIVEN under my Hand and Seal at
the Government House, St. John's,
this 12th day of April, A.D.,
1960.

By His Honour's Command,

(sgd.) Myles Murray,
MINISTER OF PROVINCIAL AFFAIRS.

The Honourable Robert S. Furlong, Chief Justice, one of the said Commissioners, then said:

Members of the Honourable House of Assembly,

We have it in command from His Honour the Lieutenant-Governor to acquaint you that His Honour will, as soon as the Members of this House shall be sworn; declare the causes of his calling this Assembly, and, it being necessary that a Speaker of this House should be first chosen, it is his pleasure that you do proceed to the appointment of some proper person to be your Speaker; and that you present such person whom you shall so choose here to-day at three of the clock for His Honour's approbation.

And the said Judges having left the Assembly Chamber, the Honourable the Premier then addressed himself to the Clerk, who standing up, pointed to him and then sat down, moved "that John R. Courage, Esquire, Member for the District of Fortune Bay and Hermitage, do take the Chair of the House as Speaker," which motion was seconded by James J. Greene, Esquire, Member elected for the District of St. John's East.

No other person being proposed as Speaker, Mr. Courage was unanimously called by the House to the Chair, and was conducted to the Chair by the Members who proposed and seconded him.

Whereupon Mr. Speaker standing on the steps, addressed the House, expressing his gratitude to the Honourable Members for the high honour unanimously conferred upon him.

The House then adjourned until Wednesday afternoon, April 20th., at three of the clock.

Robert W. Shepherd
ROBERT W. SHEPHERD,
Clerk of the House of Assembly.

Wednesday, April 20th., 1960.

The House met at three of the clock in the afternoon, pursuant to adjournment.

At three of the clock the Sergeant-at-Arms notified Mr. Speaker that His Honour, the Lieutenant Governor, Honourable Campbell MacPherson, O.B.E., had arrived; whereupon Mr. Speaker vacated the Chair.

The Sergeant-at-Arms preceded His Honour, the Lieutenant Governor, to the Chair.

Whereupon, the Lieutenant Governor, having taken his seat, Honourable the Premier addressed His Honour as follows:

May it please Your Honour, The House of Assembly agreeable to Your Honour's Command, have proceeded to the choice of a Speaker, and have elected John R. Courage, Esquire, Member for the District of Fortune Bay and Hermitage, to that office, and by their direction, I present him for the approbation of Your Honour.

His Honour then pleased to reply:

On behalf of Her Majesty I assure you of my sense of your efficiency and I do most fully approve and confirm you as the Speaker.

Whereupon Mr. Speaker addressed His Honour as follows:

Your Honour's ready approval of the choice with which I have been honoured by the House having constituted me in due form the Speaker of the House of Assembly, it has now become my duty in the name of the representatives of Her Majesty's loyal subjects, the people of this Province, and respectfully to claim of Your Honour their accustomed rights and privileges and that they shall have freedom of speech in their debates, that they may be free from arrest during their attendance in Parliament and that I, as Speaker, may have full access to Your Honour's presence, and that they have confirmed to them all their ancient rights and privileges which have been confirmed to them by Your Honour's predecessors.

His Honour was pleased to reply:

On behalf of Her Majesty I do confirm this House in the enjoyment of all its ancient and undoubted rights and privileges.

His Honour was then pleased to open the Session with a Speech from the Throne as follows:

Mr. Speaker and Members of the Honourable House of Assembly:

The people of Newfoundland rejoice in the birth of the young Prince Andrew to Our Gracious Queen, and welcome with deep satisfaction the announcement of the forthcoming marriage of the sister of our beloved Queen, The Princess Margaret. It is, I am sure, the universal wish of Newfoundlanders that the Princess will enjoy a long life of happy marriage.

I think that we all of us, as Newfoundlanders, may feel proud of the beautiful new Chamber in which the present session, and all future sessions of your House, will be held.

This is an historic occasion and it gives me personally the greatest pleasure and pride that it has fallen to my lot to be the first representative of Her Majesty in this Province to open a session of this Honourable House in its new surroundings.

My Ministers were anxious that you should have a Chamber which would in every way be worthy of the great principles and practices of British parliamentary government, and the centuries' old traditions of our Island home. I think you will agree that the architects and builders have succeeded in creating a room which, with its auxiliary offices for Members and their staff, should provide convenience and efficiency that the old Colonial Building is no longer capable of providing. Your Chamber is the point of highest interest in a noble edifice erected to celebrate the first ten years of the greatest blessing, under Heaven, that our people have ever enjoyed. I refer, of course, to the union of Canada and Newfoundland into one country.

Mr. Speaker, when I delivered the Speech from the Throne with which I closed the final session of the Thirty-First General Assembly I declared that it was the intention of my Ministers, at this present session, to ask you to enact certain modifications to the labour legislation adopted in the last General Assembly. These modifications will be laid before you for your consideration in the ensuing weeks.

My Ministers have given careful consideration to the need for new legislation aimed at protecting the interests of those of our people who labour in the pulpwoods and lumber industry. They feel that the existing legislation, which was so useful when originally enacted, has become antiquated and inadequate. New legislation will be laid before you in the present session.

Important as is our legislation is, however, for the purpose of protecting the interests of those engaged in industry, it is even more important to the general well-being of the Province that there should be industry in which our people may engage.

My Government are happy to note that success is attending the efforts they have put forth in recent years to bring about industrial and natural resources development in the great territory of Labrador and on the Island of Newfoundland itself. In Labrador, where the British Newfoundland Corporation has been given exclusive rights to the development of the great potential hydro electric power, work has already commenced on the first phase of what we all hope will become one of the great hydro developments of North America. This first phase calls for the production of 120,000 horsepower of hydro electricity to serve another great industrial development rapidly taking shape in the heart of Labrador. I refer to the new iron ore field at Nabush Lake and Carol Lake, My Ministers take great pride in the part they have played in these developments. They have never concealed their deep faith in the industrial possibilities of Labrador, and it is gratifying indeed to find such early justification of this confidence.

Here on the Island of Newfoundland its important mineral developments are rapidly taking place. The new copper mine at Tilt Cove is working with expanding success, and at Little Bay another copper mine is about to commence production. At Bair Verte and in that general area, my Ministers have good reason to believe that construction of a very important new asbestos mine, mill and town will commence in the not distant future. The Government are negotiating for the opening of yet another copper mine in that general section of Newfoundland.

Construction of the large new salt and fresh fish plant at LaScie has been completed, and my Ministers have entered into an agreement with a large and reputable Newfoundland concern for its operation in the immediate future. I am sure that all Newfoundlanders will wish Godspeed to this firm in their great undertaking, and that our people will watch with increasing interest the outcome of these operations. That outcome may very well determine the future of the fishing industry along that part of our far-flung coast. The plant is probably the most thoroughly modern and efficient to be found anywhere in North America at the present time. Warm co-operation between fishermen and management, together with a bountiful supply of fish, should result in the success for which we all hope.

The Government are pressing forward with their programme of fishery development along the southwest coast of the Province. Two of the fleet of long-liners to be built for that purgessome have already been launched, and other phases of the project are proceeding without delay. The frozen fish industry in general appears to be in fairly healthy condition, and our devout hope is that this condition will continue into the future.

Mr. Speaker, I am sure that all the Members of your Honourable House, and the great majority of our Newfoundland people, will be pleased to know that last year, 1959, witnessed the greatest accomplishment Newfoundland has ever experienced in the building,

improving and paving of our roads. Close to \$22 million was expended on these projects during the year and although these efforts fell far short of filling the needs of the people under this heading, the fact remains that a great step was taken forward at that end.

Mr. Speaker, there has been much sadness amongst our people over the decision of the United States of America to withdraw the United States Air Force from Pepperrell Air Force Base. The warmest feelings of friendship have existed between the men of this Force and our citizens, and even more than the loss of business done in St. John's our people will feel the loss of many friendships made throughout the years. My Ministers are desirous that there should be recorded their appreciation of the sympathetic understanding displayed in this situation by the chief representative in Newfoundland of the Government of the United States.

There will be laid before you early in the present session copies of the voluminous and comprehensive Report of the Royal Commission which considered the question of Civil Service pensions in this Province. The Report, which was submitted to the Government within the past fortnight, makes a series of recommendations. My Ministers expect to lay certain legislation on these matters before you in the present session.

My Ministers may lay before you, also, proposals for the establishment of a contributory pensions plan for Members of the House of Assembly who have given long service in the Legislature. Newfoundland is one of the few remaining Provinces of Canada without such a pensions plan.

You will be asked in this session to authorize my Government to proceed with the erection of a large new hospital in the city of Grand Falls. In that important industrial community the citizens and the principle industrial company have been joined by citizens in many nearby towns in making contributions to a fund raised for the purpose of assisting the Government to provide Central Newfoundland with a large new hospital. It is the hope of my Ministers that funds to be provided by you and by the people of Central Newfoundland will be used together with contributions from the Government of Canada under the National Health Grants plan to give the people in that part of Newfoundland the thoroughly modern hospital facilities so badly needed.

Construction of our splendid new buildings for the Memorial University of Newfoundland is proceeding rapidly, and there is every expectation that the University will enter the new buildings before the expiration of next year. Just as the existence of this noble Confederation Building has given pride to so many of our people, so also, I feel, will the completion of this magnificent group of buildings being erected just to the westward of us for our University. My Ministers are deeply pleased that the University has succeeded in enlisting a distinguished gentleman in England for the purpose of organizing and leading an extension department, for which nothing but good will is felt.

My Ministers have become deeply impressed by the need for another departure in the rapidly expanding field of education. They feel that there can be postponed no longer the commencement of construction of a large new College for Trade and Technical Training. This would be an institution in which high school graduates and other students and apprentices would study trade and technical subjects with a view to qualifying themselves for technical positions in industry. It is my Government's intention, when the University removes from its present buildings on the Parade Grounds into the new buildings, to have the present university buildings used for a Vocational High School, which will be the principal one of a number of such schools throughout the Province. In these schools students taking the last three or four grades up to and including Grade XI would come from the surrounding ordinary schools and nearby for vocational training that would give them the basis for a course of instruction in the new College of Trade and Technical Training. The two institutions would thus be complementary to each other, and would open altogether new opportunities for young men who had no desire to go on to university to become teachers, professional men or graduates in other university fields. My Government's plan is to have this new College of Trade and Technical Training erected somewhere between Confederation Building and the group of university buildings, and their hope is that they may also, in the not distant future, be able to erect still another building in that same general area. This would be a building to house the public library, the Newfoundland Museum, a new Art Gallery to be created, and a modern concert hall to serve the community of Newfoundland in general. This group of buildings, consisting of Confederation Building at one end and the University buildings at the other, with the College of Trade and Technical Training and the new arts and culture centre situated between the two, would surely constitute one of the noblest groups of buildings that would be found anywhere in this great country of Canada.

Mr. Speaker, my Ministers would not wish this session to open without some reference to the grave problem of Term 29. All of Newfoundland's special rights as they are provided in Term 29 of the Terms of Union by which Canada and Newfoundland united into one country, have, by Act of Parliament, been specifically limited to the year 1962. This means that in another two years or so Newfoundland's constitutional rights, as she understood them, come to an end. My Ministers and the people of Newfoundland will never rest content while this unilateral legislation on the part of the Parliament of Canada is allowed to remain on the Statute Books of Canada. You will not be asked in the present session to take any action in the matter, for the Prime Minister of Canada has already called for the holding of a Dominion-Provincial Conference on the fiscal and financial arrangements between Canada and all the Province. This Conference is to be held late in July, and my Ministers do not feel that anything is to be gained by your taking action in the matter before then.

Mr. Speaker and Members of the Honourable House of Assembly, ask that you will grant supply unto Her Majesty.

I invoke God's blessing upon your deliberations and trust that your labours will rebound to the advancement and prosperity of our Province and of its people.

His Honour the Lieutenant Governor then left the Assembly chamber.

Mr. Speaker resumed the Chair.

Honourable the Attorney General asked leave to introduce a Bill entitled "An Act To Amend and Consolidate the Law Respecting Standard Time and Daylight Time in Newfoundland".

On motion of Honourable the Attorney General, and by leave of the House, the said Bill was introduced and read a first time.

On motion it was ordered that the said Bill be read a second time on to-morrow.

Mr. Speaker announced that His Honour the Lieutenant-Governor had been pleased to make a speech to the Members met in General Assembly, and that for greater accuracy he had obtained a copy.

It was unanimously agreed that the ^{Speech} Clerk should ~~not~~ ^{be taken as} read the ~~Speech~~. 2/5

It was moved by Mr. Jones, seconded by Mr. Guy and supported by Honourable the Leader of the Opposition and Mr. Duffy, that an Address ~~of thanks~~ [✓] be presented to His Honour, the Lieutenant-Governor, in reply to the gracious speech with which he had been pleased to open the present Session of the Legislature, and that a Select Committee be appointed to draft such Address in Reply.

It was ordered accordingly and the following Members were appointed to said Committee:

Mr. Jones,
Mr. Guy,
Honourable the Leader of the Opposition,
Mr. Duffy.

Honourable the Premier presented the following resolution:

"WHEREAS James J. Spratt, one time Member of this House and Minister of Provincial Affairs, has recently been called by death;

AND WHEREAS apart from serving this Province in these capacities the late James J. Spratt has for many years given faithful and diligent service to his native city of St. John's as a Member of the St. John's Municipal Council;

AND WHEREAS in his calling as a Master Stone Mason the late James J. Spratt has in the city of St. John's erected many monuments to his great ability in this field; this House places on record its deep appreciation of the great service performed by the deceased in these many capacities;

AND BE IT RESOLVED that a copy of this Resolution be forwarded to the widow and family of the deceased, together with an expression of our deep sympathy with them at this time."

The said Resolution was seconded by Honourable the Leader of the Opposition, supported by Mr. Duffy and unanimously carried.

Honourable the Minister of Finance gave notice that he would on to-morrow ask leave to move the House into a Committee of the Whole to consider certain Resolutions for the granting of Supply to Her Majesty.

Honourable the Minister of Labour gave notice that he would on to-morrow ask leave to introduce a Bill entitled "An Act Further to Amend The Apprenticeship Act."

Honourable the Minister of Mines and Resources gave notice that he would on to-morrow ask leave to introduce a Bill entitled "An Act To Approve and Give Statutory Effect To An Agreement Between the Government and Sturgeon River Mines Limited."

Honourable the Leader of the Opposition gave notice that he would on to-morrow ask leave to introduce the following resolutions:

"That in the opinion of this House, the Lieutenant-Governor and Council should forthwith proclaim Section 2 to 8 of the Judicature (Amendment) Act, 1957, and thereby make possible the appointment of a fourth judge to the Supreme Court of Newfoundland without further delay."

"That, in the opinion of this House, a standing Committee of the House on Public Accounts should be established and appointed without delay."

It was moved and seconded that when the House rises, it adjourn until to-morrow, Monday afternoon, April 25th., at three o'clock.

The House then adjourned accordingly.

ROBERT W. SHEPHERD,
Clerk of the House of Assembly.

Monday, April 25th., 1960.

The House met at three of the clock in the afternoon, pursuant to adjournment.

Honourable the Premier made a statement re: The Appointment of a Fourth Judge of the Supreme Court.

Honourable the Minister of Welfare tabled Amendments to Regulations made under Social Assistance Act 1954."

Mr. Jones, on behalf of the Select Committee appointed to draft a reply to the Speech of His Honour the Lieutenant-Governor, presented the report of the Select Committee as follows:

To His Honour the Lieutenant Governor,
The Honourable Campbell Macpherson, O.B.E.

May it please Your Honour,

We, the Commons of Newfoundland,
in Legislative Session assembled, beg to thank
Your Honour for the Gracious Speech which Your
Honour has addressed to this House.

(Sgd.) E. S. Jones,
W. R. Guy,
J. J. Greene,
A. M. Duffy.

Assembly Room,
April 25th., 1960.

Honourable the Attorney General gave notice that he would on to-morrow move that the Standing Orders of the House of Assembly numbered 25 be amended.

Mr. Duffy gave notice of Question.

Mr. O'Dea gave notice of Question.

Mr. Greene gave notice of Question.

Honourable the Leader of the Opposition gave notice of Question.

Mr. Furey gave notice of Question.

Mr. Furey gave notice that he would on to-morrow ask leave to introduce the following motion:

"That, in the opinion of this House, the Government of Newfoundland should give urgent consideration to the advisability to removing the Social Security Tax presently imposed on the sale of food, children's clothing and footwear."

Mr. Greene gave notice that he would on to-morrow ask leave to introduce the following motion:

His Honour then said "In Her Majesty's Name, I thank Her Loyal Subjects, I accept their benevolence, and assent to these Bills."

His Honour was then pleased to make the following Speech:

Mr. Speaker and Members of the Honourable House of Assembly:

Your first Session in the new Confederation Building has been characterized by a great variety of important legislation, and this has made it one of the most fruitful sessions since the advent of Representative Government to our shores.

Among the matters which have occupied your attention, the revision of labour, logging and mining legislation has taken a prominent place. It is equally gratifying that the many amendments and improvements in our educational structure have been consolidated in a new Education Act, the first since 1927.

Important Bills designed to expedite the farther industrial development of our Province have been given your most careful study, scrutiny and deliberation. As a result of the agreements contained in some of the Acts, a modern oil refinery is being constructed in Conception Bay by Golden Eagle Refining Company of Canada, Limited; our gypsum plant and gypsum deposits have been taken over by the large and reputable firm of The Flintkote Company whose plans for expansion will undoubtedly create greater employment on the west coast of our Island; the promising Rambler area of the Baie Verte Peninsula has been made available to one of Canada's leading mining promoters, Mr. M. J. Boylen, whose efforts have already created a prosperous mine at Tilt Cove and have given us encouraging prospects of imminent development of the asbestos deposits at Baie Verte by the world-famous Johns-Manville Corporation and of the copper deposits at Little Bay^{by} Atlantic Coast Copper Corporation Ltd.

My Ministers' efforts to bring about a third pulp and paper industry in Newfoundland have not so far been attended by the success for which we all hope. It is most gratifying, however, to note that still another corporation has made an agreement with the Government with the hope of creating a third paper mill based on the utilization of Labrador wood. Your authorization of an agreement with the Newfoundland Pulp & Chemical Co. Ltd. increases the possibility that eventually my Ministers' hopes will become a reality.

In the general field of social development you have favourably received my Ministers' proposals to erect a modern trade and technical college designed to train young Newfoundlanders from all parts of the Province. You have also supported and passed the necessary Bill to bring about the immediate building of a large general hospital at Grand Falls to serve the people of central Newfoundland. Provision has also been made for the erection of a hospital at Stephenville and legislation has been enacted providing for the erection in St. John's of a modern nurses' training centre.

Never before has there been such need for serviced land in and near St. John's as there is today; but notwithstanding that fact, the Government of Canada is not prepared to enter into an agreement with the Government of Newfoundland. It has been suggested that the Government of Canada might be willing to make an agreement with the City of St. John's. While my Ministers' feel that under existing federal legislation such an agreement cannot be made, nevertheless, legislation has been enacted enabling the St. John's Municipal Council to enter into such an agreement.

Mr. Speaker, I thank you for the provision you have made for all essential services, a provision which is the largest in the history of our Province. This will enable my Ministers to proceed with their plans for expansion, particularly in the fisheries, in road construction, in education and in the extension of rural electrification.

It is expected that during 1960 and 1961 three additional fishing plants, including the great LaScie project, will be coming into operation. In addition to extensive paving of the Trans-Canada and other highways, my Ministers will continue to accelerate their programme of destroying the isolation which is still the lot of so many of our communities. In keeping with the ever increasing number of regional and central high schools, my Ministers' plans for a modern University are already in course of becoming a reality. The programme of rural electrification will mean that many more communities in our Province will be able to enjoy the amenities that are associated with this utility.

Your generosity will also have the effect of improving the financial remuneration of large numbers of the lower paid employees in the Civil Service.

Mr. Speaker, this Session is unique and specially significant in that you have terminated your association with the historic edifice which had served you and your predecessors for over a century. My Ministers are determined that the Colonial Building will always remain a hallowed monument to our constitutional and political history.

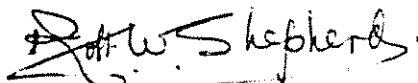

Your new Assembly Chamber is worthy of the great building in which it finds its home. You are honoured today by a visit from a great Canadian Statesman, one whose presence here is particularly appropriate in that it was during his Prime-Ministership that the Union between Canada and Newfoundland was consummated.

In releasing you from your duties, I express the hope that Divine Providence will continue to guide you and that His blessing will be on all of our people as they pursue their occupations on the sea, in the forests, in the mines, in industry and in every field of their labours.

His Honour the Lieutenant Governor left the Assembly Chamber.

Mr. Speaker then said:

It is the will and pleasure of His Honour the Lieutenant Governor that this General Assembly be prorogued until Wednesday the ninth day of August next, and this Assembly is prorogued accordingly.

ROBERT W. SHEPHERD.
Clerk of the House of Assembly.
