## **LEGISLATION**

The *Automobile Insurance Act*, Chapter A-22, RSNL 1990, and the *Insurance Companies Act*, Chapter I-10, RSNL 1990 as amended, provide the Board with specific statutory responsibilities concerning the regulation of aspects of the automobile insurance industry in the Province of Newfoundland and Labrador.

Specifically the Board has responsibility for: the rates charged by insurers for automobile insurance; underwriting guidelines used in the classification of business written; the grounds on which insurers may refuse to provide insurance or discontinue coverage; and, the risk classification system used by insurers to determine individual rates for all automobile insurance.

## **MARKETPLACE CHANGES**

Of the active companies, 13 wrote 90% of the automobile insurance market in the Province. The distribution of these companies by size and market share is shown in Table 1.

## **REGULATORY ACTIVITIES**

### **Filings**

During the year the Board issued 7 Automobile Insurance Orders in relation to Category 2 rate filings for rate increases or the establishment of new rates.

The Board also received 28 Category 1 filings representing no change or reductions in rates to insureds. Pursuant to legislative provisions, these filings are not subject to the Board's prior approval and may be implemented no sooner than 30 days following filing with the Board.

Included in the 28 Category 1 filings were a number of revisions to underwriting guidelines, risk classification systems and declination rules. These filings are not subject to prior approval but the Board may prohibit an insurer from using a ground or risk classification system that is found to violate provisions in legislation or regulations.

### **Compliance Audit Program**

The Board has a compliance audit program whereby the rates and rating practices of the regulated insurance companies are reviewed. The compliance audit program is designed to ensure that insurers writing business in the Province are charging rates that have been approved by the Board in accordance with the *Automobile Insurance Act* and the *Insurance Companies Act*. The audit program also ensures that agents and brokers of the insurer are interpreting the underwriting guidelines of the insurer correctly and that insureds of similar risk characteristics are being rated correctly.

During the year the Board did not conduct any compliance audits.

## **Complaints**

During the year the Board received a limited number of complaints and inquiries. These complaints and inquiries were generally in relation to rating practices of insurers and/or agents.

## **Expenses**

The expenses of the Board in relation to insurance operations for 2009-2010 were budgeted at \$760,689. These costs were assessed against insurers, with the approval of the Minister pursuant to Section 59 of the *Automobile Insurance Act*, at a rate of 2.602 mils on the direct premiums written in the Province by the market. A five-year summary of assessments and mil rates is shown in Table 4.
