

2011 Provincial General Election Report on Election Finances

Office of the Chief Electoral Officer

Introduction

This **Election Finance Report** is an addendum document to the "**Report on the Provincial General Election October 11, 2011**" that was submitted to the Speaker of the House of Assembly on June 8, 2012.

The original of this report has been forwarded to the Queen's Printer for the purpose of reproduction. Also, a copy has been supplied to the Legislative Librarian for further reference by Members of the House of Assembly. Summary financial information is also available for viewing on the Elections Newfoundland and Labrador web page at www.elections.gov.nl.ca.

Election finance provisions of the *Elections Act, 1991* (Act) deal with the registration of candidates in a general election and the conduct of both political parties and candidates with respect to receipt of political contributions, limitations on election expenditures and the filing of required financial statements and reports.

This report contains a summary of the financial information submitted under these provisions. The actual financial statements on which this summary is based can be viewed at the Office of the Chief Electoral Officer (OCEO) during normal business hours (39 Hallet Crescent, St. John's).

Filing of Financial Statements

Section 304 of the Act specifies that the Chief Financial Officer (CFO) of every registered political party or candidate shall, within four months after polling day, file with the Chief Electoral Officer a financial statement of income and expenses of the party or candidate for which he or she acts relating to the election, together with the auditor's report as required by subsection 302(6). The OCEO has responsibility for conducting a review of these filings with a view to determining compliance with election finance legislation.

The Act also provides that a CFO who willfully, or through neglect, fails to file a financial return with the Chief Electoral Officer within the required time frame is liable on summary conviction to a fine of \$50.00 per day for each day until the filing is received.

While the OCEO understands that issues other than wilful intent or neglect can contribute to campaign filing delays, late filing of required returns is troubling because it negatively impacts the ability of the OCEO office to produce timely and useful financial reports for public viewing.

The OCEO places the financial information relating to individual financial returns on display in its public viewing library in St. John's once the information is received and has been reviewed. In the past, the OCEO has opted to delay posting that same information to the OCEO website until production of the requisite financial summary report was completed. The OCEO recognizes that following this procedure makes it difficult for interested parties outside of the St. John's area to access the filed information on a timely basis.

To resolve this discrepancy the OCEO has started posting to its website financial information relating to the annual filings for political parties and the filings for parties and candidates in general and by-elections in this province as soon as the review of the filings are completed and OCEO is able to make that information available online.

Starting in 2013, the OCEO website will contain information as to the status of any outstanding or non-posted filings until posting is actually completed. It is the hope of the OCEO that following this process will be additional incentive for parties and candidates to file timely election finance statements.

October 11, 2011 General Election Filings

The total number of candidate filings for the 2011 Provincial General Election was 147 which consisted of 48 Liberals, 48 New Democrats, 48 Progressive Conservatives, and 3 non-affiliated candidates.

In addition to candidate filings, the OCEO received reports on campaign income and expenses from the three registered political parties who had nominated candidates for the election.

The filing deadline for the required financial statements was February 11, 2012.

In all, 33 of the 147 registered candidates failed to file their returns by the specified deadlines thereby forfeiting their entitlement to a refund of the \$200 nomination fee deposit.

As mentioned above, the Act provides for fines and/or penalties on summary conviction for a CFO who either willfully, or through neglect, fails to file a financial return with the Chief Electoral Officer within the time required by legislation.

The circumstances concerning all late filings have been reviewed to determine whether proceedings should be instituted on the grounds of willful intent or negligence by the respective chief financial officers. It has been concluded that there was no willful or negligent action on the part of the CFOs regarding late filings and the decision was made not to pursue charges.

Appendix A of this report presents a summary of the income and expense statements for the three registered political parties who incurred election related expenses and a district by district summary of the income and expense statements for all candidates. As previously noted, the actual financial statements on which this summary is based may be viewed at the OCEO during normal business hours.

Political Contributions

Subsection 299(4) of the Act requires that a registered party and a candidate in an election shall, along with the statements of income and expenses for the election required by Section 304, file a listing with respect to contributions received in a campaign period that either individually or in sum exceed \$100.00 together with the name and address of the contributor(s).

In addition, Subsection 299(3) of the Act provides that a registered political party shall file an annual return and listing with respect to contributions made to the party in a calendar year.

To avoid duplication of these listings, Appendix B of this report contains a comprehensive listing of political contributions for the 2011 General Election made to the reporting candidates only. Contributions made to the reporting political parties during this period are summarized in a separate report titled ***"Annual Report of The Chief Electoral Officer on Election Finances of Registered Political Parties for the Period January 1, 2011 to December 31, 2011."***

Election Expenses

Section 310 of the Act places limitations on the amount that political parties and candidates are permitted to spend on certain types of election expenses. A political party in a general election is limited to expenditure not to exceed \$3.125 times the number of persons on the revised list of electors in each district the party has candidates. Election expenses of a candidate are limited to that same factor multiplied by the number of persons on the revised list of electors in the district in which he or she is a candidate, but in no case shall a party's or candidate's expenses be limited to an amount less than \$12,000.

The dollar factors of \$3.125 and \$12,000 specified under Section 310 of the Act are adjusted annually by the Chief Electoral Officer for changes in the consumer price index. The factors applicable for the 2011 General Election were \$4.083 and \$15,708 respectively.

A listing of individual district limits applicable to the 2011 General Election is presented in Appendix C of this report.

Each of the political parties and all of the candidates who filed returns relating to the election were found to be in compliance with expenditure limits.

Public Subsidization of Candidates Expenses

Section 312 of the Act entitles a candidate who receives at least 15 per cent of the popular vote in his or her electoral district to a reimbursement of election expenses from the Provincial Treasury equal to the lesser of one-third of the expense limit for the district or one-third of actual qualifying expenses.

For the 2011 General Election, 105 of the 147 candidates received at least 15 per cent of the popular vote in their district thereby qualifying for subsidy payments that totalled \$525,890. For one of the candidates the subsidy was nil as the campaign had not incurred any expenses that were eligible for inclusion in the subsidy calculation. For the other 104 candidates the individual amounts payable ranged from a low of \$66.28 to a high of \$13,353.48.

Section 313 of the Act provides that any campaign surplus created either from political contributions, transfers or the payment of election expense subsidies be, in the case of a candidate whose political affiliation appears on the ballot, remitted to his or her party. In all other cases, campaign surpluses must be remitted to the Chief Electoral Officer who shall hold the money in trust on behalf of the candidate to be used in the next general or by-election. If the candidate does not run in the next election, the surplus funds held in trust are remitted to the Provincial Consolidated Revenue Fund.

If a campaign with a surplus balance is entitled to a subsidy payment under Section 312, the Chief Electoral Officer deducts the surplus balance from the subsidy payable and remits the surplus amount directly to the candidate's affiliated party.

84 of the 105 candidates entitled to subsidy payments, 83 of whom were affiliated with a registered political party, reported a campaign surplus remaining after payment of expenses.

Surplus amounts deducted from subsidy payments by the Chief Electoral Officer and remitted directly to the eligible candidate's affiliated political parties totalled as follows:

Liberal Party	\$ 35,681
New Democratic Party	\$ 42,453
Progressive Conservative Party	\$150,149
Total	\$228,283

One non-affiliated candidate recorded a surplus. The surplus totalled \$135.00 and is being held in trust as required by section 313 of the Act.

In addition to surplus funds deducted from subsidy payments and paid directly to affiliated political parties, the Chief Electoral Officer also directed that any other surplus funds remaining in campaign accounts be transferred to the candidate's affiliated party.

Additional surplus funds transferable by campaigns to their affiliated parties under this directive totalled as follows:

Liberal Party	\$ 3,701
New Democratic Party	\$ 4,511
Progressive Conservative Party	\$ 31,522
Total	\$ 39,734

In addition to candidate subsidy, Subsection 302(9) provides for the subsidization of the cost of auditor services for all candidates in an election to a maximum of \$500.

Total auditor subsidy payments for all candidates amounted to \$73,500.

Compliance Issues

As part of the powers and duties under the Act, the Chief Electoral Officer is responsible for ensuring compliance by registered entities with the provisions of Part III which specifically addresses election finance issues and the disclosure and reporting requirements for financial information.

It should be noted that, with the exception of fraudulent activity, the OCEO does not have the legislative authority to intervene or disallow a particular expenditure relating to an election.

The CFO for a party or a candidate has sole responsibility for authorizing and incurring election expenses. Except for a specific provision of the Act which prohibits directly influencing or purchasing a vote and the expenditure limit provision which limits the total amount that can be spent on certain items, he or she is entitled to spend campaign money in whatever manner is deemed acceptable for the purpose of securing the election of their candidate. However, the CFO is required to report all expenditures to the Chief Electoral Officer and they are incorporated into his or her election finance report and become a matter of public record.

The spirit and intent of the election finance legislative provisions is to promote fairness and equality with respect to spending by campaigns and openness with respect to reporting of contributions and other money sources.

With regard to the OCEO's review of campaign filings for the 2011 General Election, a number of compliance issues have been identified. The issues encountered were of a nature that did not compromise the principles of fairness, equality and openness and all issues have been resolved to the satisfaction of the OCEO.

However, having said this, the OCEO believes there is an ongoing need to discuss identified problem areas with the Advisory Committee on Election Finance established under the Act and to work towards establishing procedures and guidelines acceptable to all parties that will further alleviate any concerns with respect to maintaining these principles.

APPENDIX A

INCOME AND EXPENSE STATEMENTS

FOR

REGISTERED POLITICAL PARTIES

AND

CANDIDATES IN EACH ELECTORAL DISTRICT

**REGISTERED POLITICAL PARTIES

Total Expenditures	208,931	716,125	247,906
Expenditure Limit (See Note 2)	1,555,815	1,555,815	1,555,815

Note 1

A listing of contributions made to the registered political parties relating to the General Election of October 11, 2011 is included in the annual filing of the Political Parties. This statement details expenditures of the political parties related to the General Election of October 11, 2011. The details of contributions of amounts greater than \$100 are included and listed in a separate report titled "Report of the Chief Electoral Officer on Election Finances of Registered Political Parties for the Period January 1, 2011 to December 31, 2011"

Note 2

A registered party's campaign expenditure limit is calculated by multiplying the expense factor for 2011 by the number of persons on the revised list of electors in each of the districts in which the party has a candidate. A registered party contesting all 48 districts would have a campaign expenditure limit of:
 $381,047 \times \$4.083 \text{ per voter} = \$1,555,815$

Please Note:

District expenditure limits are calculated by multiplying the number of eligible voters in a district by an expense factor for 2011 (\$4.083 per voter). An individual district limit cannot be set at less than \$15,708.00.

A registered party's campaign expense limit is calculated by multiplying the expense factor for 2011 by the number of persons on the revised list of electors in each of the districts in which the party has a candidate.

A registered party contesting all 48 districts would have a campaign expenditure limit of :

$$381,047 \times \$4.083 \text{ per voter} = \boxed{\$ 1,555,815}$$
