

Annual Report on Election Finances January 1, 2015 to December 31, 2015

Office of the Chief Electoral Officer

Introduction

This report summarizes the financial activities of the Liberal Party, the New Democratic Party, and the Progressive Conservative Party for the period January 1, 2015 to December 31, 2015.

The original of this report has been forwarded to the Queen's Printer for reproduction purposes and availability to the public. A copy has been supplied to the Legislative Librarian for further reference by Members of the House of Assembly. This report along with summary information is also available for viewing on the Elections Newfoundland and Labrador webpage at www.elections.gov.nl.ca.

History of Election Finance Legislation

The *Elections Act, 1991* (“Act”), which was passed by the House of Assembly in June 1992, provided for the comprehensive regulation of financing by political parties, district associations and non-affiliated candidates in elections. Part III of the Act dealing with Election Finances was proclaimed into force on October 1, 1993 but pertained only to registered political parties and registered candidates in elections.

Initially, it was intended that experience with election finance regulation of political parties would be evaluated before proclaiming Part III to pertain to district associations. This partial proclamation necessitated an amendment to Part III in December 1993 in the form of a transitional provision that treated all candidates in an election as if they were non-affiliated candidates.

On January 26, 1996, the Government of Newfoundland and Labrador issued a policy statement, with the agreement of all political parties, which placed further restrictions on district association activities during the 1996 General Election campaign period.

Significant amendments to the Act received Royal Assent on June 5, 1998 to take effect on September 3, 1998. The most significant of the new amendments from an Election Finance perspective was the removal of annual contribution limits for individuals and corporations who wish to donate to a political cause. Also, the amended Act is no longer applicable to the operation of local district associations. The Act places the onus on the various political parties for controlling and reporting on the financial activity of their district associations with respect to fundraising by requiring all such funds to be channelled through the political party accounts.

Further amendments to the Act, which affected certain provisions of Part III dealing with election finances, received Royal Assent on June 14, 2007.

These provisions changed the official length of time for a campaign period to end four months from polling day as opposed to the previous six month period, increased the candidate nomination fee deposit to \$200 from \$100, and made refund of the nomination fee contingent on timely filing of election finance reports as opposed to the previous process where refund of the nomination fee deposit was contingent on a candidate receiving at least 15 per cent of the popular vote in their district.

Election Finance Compliance

ANNUAL FINANCIAL STATEMENTS

In accordance with Part III of the Act, registered political parties are subject to fund raising guidelines and to the public disclosure of their financial affairs in the form of an annual filing of audited financial statements along with supporting schedules as prescribed by the Office of the Chief Electoral Officer.

The deadline for filing of the annual Political Party statements is legislatively set at April 1 of the year following the year to which they relate.

The three political parties registered with the Office of the Chief Electoral Officer at the beginning of the 2015 calendar year have filed the required audited financial statements and supporting schedules pertaining to 2015. While all of the financial statements and supporting schedules have been certified by the Chief Electoral Officer as having met the requirements of the Act, the Chief Electoral Officer has some qualifying remarks with respect to the submissions that were prepared by two of the parties, which are detailed later in this report.

The Progressive Conservative Party filed their audited financial statements and supporting financial schedules by the April 1, 2016 deadline. The New Democratic Party requested an extension and subsequently filed their audited financial statements and supporting schedules on August 23, 2016. The Liberal Party filed their audited financial statements by the April 1, 2016 deadline; however their supporting schedules were not received until November 2016. The Liberal Party and the New Democratic Party each provided reasons for late filing, and after the Office of the Chief Electoral Officer reviewed those reasons it was determined that they did not involve willful intent or neglect on the part of their Chief Financial Officers.

Appendix A to this report presents a summary of the annual financial statement information provided by the parties for 2015 fiscal year. While this office has traditionally made financial information as filed by the parties available in our library, we have only posted on our website financial information which has been reviewed by this office. Feedback from our stakeholders has brought to our attention that maintaining this information in our library was not convenient or accessible to many of our stakeholders and was not meeting their needs. As a result the Office of the Chief Electoral Officer will be updating the website www.elections.gov.nl.ca to include the financial statements as filed by political parties, at the time they are filed, as well as the date those financial statements were received by this office for returns filed subsequent to the 2016 fiscal year. It is our intent that this new level of disclosure will both meet the needs of our stakeholders, as well as encourage the compliance of financial reporting deadlines. The financial statements as filed by the parties will continue to be subject to review by this office and a final version of the statements will be posted to our website upon completion of our review of the statements and supporting schedules.

POLITICAL CONTRIBUTIONS

Subsection 299(3) of the Act requires that a registered political party shall file, along with the annual financial statements required under Section 303 of the Act, a listing with respect to contributions received *in the year* that either individually, or in sum, exceeds \$100 together with the name and address of the contributor(s).

Appendix B to this report contains a comprehensive listing of contributions to the reporting parties made during the period covered by the report. This information was previously presented by this office as the *'Supplementary Schedule of Contributions from the Annual Report on Election Finances, January 1, 2015 to December 31, 2015'* and is contained herein.

Also, in instances where funds raised by local district associations are transferred to political parties, and those funds contain amounts that would be considered contributions under the Act as if the contribution were made directly to the party, a listing of contributors to the district association must be supplied by the party involved. Any such contributions are incorporated into the comprehensive listing contained in **Appendix B**.

Contributions made to candidates during the 2015 General Election campaign have been excluded from this report and its appendices. This information can be obtained from the *'2015 Provincial General Election Report on Election Finances'* and is available on the Elections Newfoundland and Labrador website www.elections.gov.nl.ca.

LATE FILING

The New Democratic Party filed their financial statements and supporting schedules 144 days late, despite being granted an extension. These submissions were not received until the Office of the Chief Electoral Officer had made several requests for the information. It was noted by this Office that the audited financial statements were signed off by the parties' auditor on June 12, 2016, which is several weeks before the financial statements were submitted to this Office.

While the Liberal Party filed their financial statements within the required deadline, their supporting schedules were not received until November 2016. These supporting schedules detail information about the financing activities of the political party for the year, including the summary of contributions to the political party, as well as transfers to and from Candidates and District Associations.

Late filing of financial statements and supporting schedules hinders the ability of the Office of the Chief Electoral Officer to report this information to our stakeholders in a timely manner. This is a reasonable expectation of our stakeholders and failure to provide timely information erodes public confidence in both this office and political parties. The OCEO will be working with political parties on a go-forward basis to ensure that reporting requirements and timelines are adequately communicated to CFO's, party Executives, accounting firms, and others associated with the preparation of annual submissions.

OTHER ELECTION FINANCE ISSUES

Liberal Party Contributions

As part of our normal review procedures the OCEO confirms contribution amounts as summarized on Schedule 2 of the financial statement supporting schedules to the official donation receipts supplied by each party. The contributions, as reported on Schedule 2, are then reconciled to contribution and donation revenues reported by the party in their respective audited financial statements. The interaction of deemed contributions being included in fundraising revenues makes reconciling financial statements to supporting schedules difficult and parties are asked to provide these details to the OCEO.

In the course of performing our review of the financial statements and supporting schedules of the Liberal Party, we identified that revenues as reported on the Liberal Party's 2015 financial statements were not consistent with the contribution revenues reported in their supporting schedules. The supporting schedules identified contribution revenues of \$1.23M for the year, which were verified by the OCEO through confirmation of official donation receipts issued in 2015. Total revenue for the year was reported as \$1.55M on the financial statements; however this includes revenue that would not have been received through contributions, most notably \$140,000 from Campaign Expense Recoveries and \$371,434 of Long Term Debt Forgiveness. After removing these and other revenues that were not received through contributions, the OCEO identified that the contribution revenues on the party's audited financial statements were understated by approximately \$290,000.

As noted earlier, the Liberal Party's 2015 supporting schedules were filed several months after the 2015 Financial Statements, and were therefore not prepared in conjunction with their financial statement audit. Had the supporting schedules been prepared at the same time as the audited financial statements this variance would most likely have been addressed.

The Liberal Party staff and the accounting firm that issued the financial statements worked to reconcile the identified \$290,000 variance. However, neither was able to reproduce a reconciliation between the financial statement contributions and the contributions reported on the supporting schedules. Obtaining this reconciliation was further compounded due to staffing changes in the Liberal Party since the 2015 financial statements had been filed, as well as a change in the accounting firm retained by the Liberal Party.

After reviewing documentation provided from the Liberal Party, the OCEO was satisfied that the contributions as reported on the supporting schedules represented the official donation receipts issued in 2015 by the party. However, as noted the supporting schedule revenues did not match the financial statement revenues. Based on our review and discussions with the Liberal Party, we have determined that the cause of this is due to transfers from district associations which were not accounted for properly. As a result, the OCEO has made an adjustment to our schedules to reflect how we present the contribution revenue in our report. This adjustment is being made for presentation in this report only; the same adjustment has not been made to the audited financial statements of the party.

New Democratic Party Contributions

In the course of performing our review of the financial statements and supporting schedules of the New Democratic Party, we identified that revenues as reported on the New Democratic Party's 2015 financial statements were not consistent with the contribution revenues reported in their supporting schedules. The supporting schedules identified contribution revenues of approximately \$465,310 for the year, which were verified by the OCEO through confirmation of official donation receipts issued in 2015. Total revenue for the year was reported as \$439,617 on the financial statements; however this includes revenue that would not have been received through contributions, most notably \$11,484 from Campaign Expense Recoveries. After removing these and other revenues that were not received through contributions, the OCEO identified that the contribution revenues on the party's audited financial statements were understated by approximately \$38,000.

After reviewing documentation provided from the New Democratic Party, the OCEO was satisfied that the contributions as reported on the supporting schedules represented the official donation receipts issued in 2015 by the party. However, as noted the supporting schedule revenues did not match the financial statement revenues. Based on our review we have determined that the cause of this is due to transfers from district associations which were not accounted for properly, and the netting of fundraising expenses against fundraising revenues. As a result, the OCEO has made an adjustment to our schedules to reflect how we present the contribution revenue in our report. This adjustment is being made for presentation in this report only; the same adjustment has not been made to the audited financial statements of the party.

Debt Forgiveness

During 2014, the Liberal Party renegotiated its credit facility. In accordance with the agreement with its lenders, the lenders would forgive interest when the principal amount owing has been repaid. When the principal was repaid, the Liberal Party would recognize the interest forgiveness on its financial statements. If the principal was not repaid within the time frame stipulated in the agreement, the full amount of the interest owing would be payable and no amount would be forgiven.

The Liberal Party fully repaid the principal amounts on this debt in 2015 and recognized an amount of \$371,434 of debt forgiveness in their current year financial statements. The OCEO identified in the notes to the financial statements that the lenders forgave "interest and principal payments," however the OCEO did confirm that the debt forgiveness was only on the interest portion of the debt and that no principal was forgiven. As such, there is no deemed contribution from the lenders.

Contributions With No Receipt Issued

During procedures to reconcile the Liberal Party contribution amounts the OCEO identified several contributions which had not been issued donation receipts in 2015. The contributors will have appropriate donation receipts issued in 2017.

RECOMMENDATION

Based on the Election Finance Issues encountered while conducting a review of the 2015 Election Finance filings, the Office of the Chief Electoral Officer is making the following recommendation to enhance compliance with the Act:

- **Responsibility of non-compliance should be borne by the political party**

Currently under the Act, the responsibility to comply with reporting time limits rests with the Chief Financial Officer (CFO) of a party. The CFO of a party is subject to either a conviction or a fine for non-compliance of filing a return. Obtaining a conviction for non-compliance of a reporting deadline is a lengthy and time consuming process, especially given the nature of the offence, and the OCEO is very reluctant to pursue this type of action unless absolutely necessary. Further, convicting or fining a CFO, who generally serves as a volunteer, would be counter-productive to political parties' efforts to attract and retain volunteers for this position.

The OCEO recommends that the onus to comply with a reporting deadline should rest with the party itself, and that the penalties and fines associated with non-compliance be borne by the political party. There should be a minimum fine set for non-compliance, and an incremental portion for extended non-compliance. Changing fines and penalties to this structure would allow the OCEO to better enforce the reporting requirements under the Act.

The OCEO recognizes that this recommendation would require a legislative change to the Act. This recommendation is being put forth to be considered along with any other legislative changes that are currently being contemplated to the Act.
