Message from the Chair

On behalf of the Board of the Economic Diversification and Growth Enterprises (EDGE) Program, I am pleased to present the Board's 2008-2011 Activity Plan. In accordance with the *Transparency and Accountability Act*, this activity plan was prepared under the direction of the Board which is accountable for the achievement of the objectives outlined herein.

The EDGE Board is classified as a category three entity under the province's *Transparency and Accountability Act*. This means the Board must prepare an activity plan that clearly outlines the activities it will undertake, in the timeframe allotted, within its mandate and current budget and takes into consideration the strategic directions of government.

Sincerely,

Overview of the Board of Directors and the Economic Diversification and Growth Enterprises Program

The Economic Diversification and Growth Enterprises (EDGE) Program was established under the authority of the *Economic Diversification and Growth Enterprises Act* on December 16, 1994. The program was established to encourage new business investment in the province through a number of tax-related and other incentives.

Applications for designation as an EDGE corporation are evaluated by an independent Board (the Board) appointed by the Lieutenant-Governor in Council. The Board is currently comprised of five private sector members and three senior public sector officials who make recommendations with respect to the applications to the Lieutenant-Governor in Council through the Minister of Innovation, Trade and Rural Development.

The Board does not have its own staff. The Department of Innovation, Trade and Rural Development provides administrative support to the Board.

EDGE is an incentive-based program that is available to national and international companies who wish to establish a new enterprise in the Province as well as local companies that want to expand and local entrepreneurs who are interested in new business start-ups.

To be considered for EDGE status, a company must demonstrate that it's new or expanding business activity:

- has the potential for new capital investment of at least \$300,000, or incremental sales of at least \$500,000;
- has the potential to create and maintain at least 10 new permanent jobs in the province;
- offers the opportunity for long-term sustainable jobs and growth;
- would not take place in the province in the absence of the EDGE incentives, in preference to another location or at the time when it is proposed to do so;
- has a substantial net economic benefit to the province; and
- would not result in the company having a direct competitive advantage over other businesses already established in the province, if provided EDGE status.

Those companies that are granted designation as an EDGE Corporation and enter into a contract with government must reach and maintain these eligibility criteria, in order to receive Edge benefits, unless extenuating temporary circumstances exist for which the Lieutenant-Governor in Council may give a temporary reprieve and continue the benefits. EDGE contracts may be amended or revoked at any time if the company fails to comply with the terms of the contract entered into with government.

EDGE-designated companies are eligible to receive:

- a 100 percent rebate/remission on provincial corporate income tax and the provincial health and post-secondary education (payroll) tax. The tax "holiday" for eligible companies is 10 years on the Northeast Avalon and 15 years outside the Northeast Avalon (double EDGE designated companies only);
- a 50 percent rebate on federal corporate income tax for the periods referenced above;
- a further five-year phase-out period of partial rebates on the provincial and federal taxes referenced above, declining by 20 percent in each year of the phase-out period;
- a 100 percent rebate on municipal property and/or municipal business taxes for 10 or 15 years, followed by a five-year phase-out of such rebates, where individual municipalities elect to participate in the EDGE program; and
- access to unserviced Crown land for \$1 where such land is required to implement the company's business plan.

When necessary, the Board may request additional information from applicants to enable proper evaluation of applications.

Strategic Directions

Strategic directions are the articulation of desired physical, social and or economic outcomes and normally require action by more than one government entity. These directions are normally communicated by government through platform documents, Throne and Budget speeches, policy documents, and other communiqués.

The *Transparency and Accountability Act* requires departments and public bodies to take into account these strategic directions in the preparation of their performance-based plans. This action will facilitate the integration of planning practices across government and will ensure that all entities are moving forward on key commitments.

A full list of strategic directions for INTRD can be found in the Department's Strategic Plan. To view a copy, visit <http://www.gov.nl.ca/intrd/strategicplan.htm>.
