Entity Overview

The Economic Diversification and Growth Enterprises (EDGE) program was established on December 16, 1994 under the authority of the **Economic Diversification and Growth Enterprises Act**. The program was designed as an economic development and marketing tool to encourage new business investment in the province. It helps diversify the economy and stimulate private sector job creation through a number of tax-related and other economic incentives.

EDGE is available to national and international companies that wish to establish a new enterprise in the province, local companies that want to expand, and local entrepreneurs who are interested in new business start-ups. To be considered for EDGE status, a company must demonstrate that it is a new or expanding business activity that:

- has the potential for new capital investment of at least \$300,000, or incremental sales of at least \$500,000;
- has the potential to create and maintain at least 10 new permanent jobs in the province;
- would not take place in the province in the absence of the EDGE incentives, in preference to another location or at the time when it is proposed to do so;
- has a substantial net economic benefit to the province; and,
- would not result in the company having a direct competitive advantage over other businesses already established in the province, if provided EDGE status.

Companies that are granted designation as an EDGE Corporation and enter into a contract with the Provincial Government must reach and maintain these eligibility criteria, in order to receive EDGE benefits, unless extenuating temporary circumstances exist for which the Lieutenant Governor in Council may give a temporary reprieve and continue the benefits. EDGE contracts may be amended or revoked at any time if the company fails to comply with the terms of the contract.

EDGE designated companies are eligible to receive:

- 100 per cent rebate/remission on provincial corporate income tax and the provincial health and post-secondary education (payroll) tax. The tax “holiday” for eligible companies is 10 years on the Northeast Avalon and 15 years outside the Northeast Avalon, as defined in the **Economic Diversification and Growth Enterprises Act**;
- 50 per cent rebate, paid by the province, on federal corporate income tax for the periods referenced above;
- a further five-year even phase-out period of partial rebates on the provincial and federal taxes referenced above;
- 100 per cent rebate on municipal property and/or municipal business taxes for 10 or 15 years, followed by a five-year phase-out of such rebates, where individual municipalities elect to participate in the EDGE program; and
- access to un-serviced Crown land for \$1 where such land is required to implement the company’s business plan.

The EDGE program is not required to provide audited financial statements.

Board of Directors

Applications for designation as an EDGE Corporation are evaluated by an independent Board appointed by the Lieutenant Governor in Council. The Board does not have its own staff. The Department of Industry, Energy and Technology (Department formerly known as Tourism, Culture, Industry and Innovation) provides administrative support to the Board.
