

Annual Report on Election Finances January 1, 2016 to December 31, 2016

Office of the Chief Electoral Officer

Introduction

This report summarizes the financial activities of the Liberal Party, the New Democratic Party, and the Progressive Conservative Party for the period January 1, 2016 to December 31, 2016.

The original of this report has been forwarded to the Queen's Printer for reproduction purposes and availability to the public. A copy has been supplied to the Legislative Librarian for further reference by Members of the House of Assembly. This report along with summary information is also available for viewing on the Elections Newfoundland and Labrador webpage at www.elections.gov.nl.ca.

History of Election Finance Legislation

The *Elections Act, 1991* (“Act”), which was passed by the House of Assembly in June 1992, provided for the comprehensive regulation of financing by political parties, district associations and non-affiliated candidates in elections. Part III of the Act dealing with Election Finances was proclaimed into force on October 1, 1993 but pertained only to registered political parties and registered candidates in elections.

Initially, it was intended that experience with election finance regulation of political parties would be evaluated before proclaiming Part III to pertain to district associations. This partial proclamation necessitated an amendment to Part III in December 1993 in the form of a transitional provision that treated all candidates in an election as if they were non-affiliated candidates.

On January 26, 1996, the Government of Newfoundland and Labrador issued a policy statement, with the agreement of all political parties, which placed further restrictions on district association activities during the 1996 General Election campaign period.

Significant amendments to the Act received Royal Assent on June 5, 1998 to take effect on September 3, 1998. The most significant of the new amendments from an Election Finance perspective was the removal of annual contribution limits for individuals and corporations who wish to donate to a political cause. Also, the amended Act is no longer applicable to the operation of local district associations. The Act places the onus on the various political parties for controlling and reporting on the financial activity of their district associations with respect to fundraising by requiring all such funds to be channelled through the political party accounts.

Further amendments to the Act, which affected certain provisions of Part III dealing with election finances, received Royal Assent on June 14, 2007.

These provisions changed the official length of time for a campaign period to end four months from polling day as opposed to the previous six month period, increased the candidate nomination fee deposit to \$200 from \$100, and made refund of the nomination fee contingent on timely filing of election finance reports as opposed to the previous process where refund of the nomination fee deposit was contingent on a candidate receiving at least 15 per cent of the popular vote in their district.

Election Finance Compliance

ANNUAL FINANCIAL STATEMENTS

In accordance with Part III of the Act, registered political parties are subject to fund raising guidelines and to the public disclosure of their financial affairs in the form of an annual filing of audited financial statements along with supporting schedules as prescribed by the Office of the Chief Electoral Officer.

The deadline for filing of the annual Political Party statements is legislatively set at April 1 of the year following the year to which they relate.

The three political parties registered with the Office of the Chief Electoral Officer at the beginning of the 2016 calendar year have filed the required audited financial statements and supporting schedules pertaining to 2016. The financial statements and supporting schedules have been certified by the Chief Electoral Officer as having met the requirements of the Act.

The Liberal Party and the New Democratic Party filed their audited financial statements and supporting financial schedules by the April 1, 2017 deadline. The Progressive Conservative Party requested an extension and subsequently filed their audited financial statements and supporting schedules on April 28, 2017. The Progressive Conservative Party provided an explanation for requiring an extension of the filing deadline, and after the Office of the Chief Electoral Officer reviewed those circumstances it was determined that they did not involve willful intent or neglect on the part of their Chief Financial Officer.

Appendix A to this report presents a summary of the annual financial statement information provided by the parties for the 2016 fiscal year. While this office has traditionally made financial information as filed by the parties available in our library, we have only posted on our website financial information which has been reviewed by this office. Feedback from our stakeholders has brought to our attention that maintaining this information in our library was not convenient or accessible to many of our stakeholders and was not meeting their needs. As a result the Office of the Chief Electoral Officer will be updating the website www.elections.gov.nl.ca to include the financial statements as filed by political parties, at the time they are filed, as well as the date those financial statements were received by this office for returns filed subsequent to the 2016 fiscal year. It is our intent that this new level of disclosure will both meet the needs of our stakeholders, as well as encourage the compliance of financial reporting deadlines. The financial statements as filed by the parties will continue to be subject to review by this office and a final version of the statements will be posted to our website upon completion of our review of the statements and supporting schedules.

POLITICAL CONTRIBUTIONS

Subsection 299(3) of the Act requires that a registered political party shall file, along with the annual financial statements required under Section 303 of the Act, a listing with respect to contributions received *in the year* that either individually, or in sum, exceeds \$100 together with the name and address of the contributor(s).

Appendix B to this report contains a comprehensive listing of contributions to the reporting parties made during the period covered by the report.

Also, in instances where funds raised by local district associations are transferred to political parties, and those funds contain amounts that would be considered contributions under the Act as if the contribution were made directly to the party, a listing of contributors to the district association must be supplied by the party involved. Any such contributions are incorporated into the comprehensive listing contained in **Appendix B**.

LATE FILING

Late filing of financial statements and supporting schedules hinders the ability of the Office of the Chief Electoral Officer to report this information to our stakeholders in a timely manner. This is a reasonable expectation of our stakeholders and failure to provide timely information erodes public confidence in both this office and political parties. The OCEO will be working with political parties on a go-forward basis to ensure that reporting requirements and timelines are adequately communicated to CFO's, party Executives, accounting firms, and others associated with the preparation of annual submissions.

OTHER ELECTION FINANCE ISSUES

Financial Statements and Financial Statement Supporting Schedules

Parties are required to file both audited Financial Statements and a set of Financial Statement Supporting Schedules. The Financial Statements are prepared and audited by independent accounting firms on behalf of each political party and presented to this office. The Financial Statement Supporting Schedules are supplemental schedules required by this office to provide additional disclosure of political finance information that would not be otherwise available from an audited set of financial statements. The requirements of these supporting schedules are set by this office, and prepared by either the political party or the accounting firm on behalf of the political party.

After discussions with political parties and accounting firms, the OCEO has identified that the financial statements are not always prepared in conjunction with the financial statement supporting schedules. The supporting schedules contain information such as transfers to and from the party, specific district fundraising activities, and contributions to the party, while the financial statements may present this information across multiple revenue and expense categories. As a result, the information on the supporting schedules may be divorced from what is presented on the financial statements, requiring considerable effort by this office and the parties to reconcile between the supporting schedules and the financial statements.

As noted above, this office will begin posting financial statements and schedules as filed by the parties beginning with the Annual Returns for 2017. Historically, this office has been responsible for linking the

financial statements with the supporting schedules and reporting a final reviewed version of the financial statements. With this information now being presented in a preliminary state, this office will be updating the presentation of the supporting schedules to ensure that instructions on each form clearly identify to the reader the purpose of the form, as well as identify how information on those forms should make its way onto the financial statements. We believe these changes will make the supporting schedules more transparent and user friendly for all stakeholders.
