## FOREST INDUSTRY EMPLOYMENT & SECTOR VALUE

*B. ...*

2014 Employment & Value				
Sector	Direct	Indirect & Induced	Total	Sector Value
Pulp & Paper	534	534	1068	\$161 million
Sawmilling	210	210	420	\$40.5 million
Value Added	1075	1075	2150	\$85 million
Harvesting	720	720	1440	N/A
<b>TOTAL</b>	<b>2539</b>	<b>2539</b>	<b>5078</b>	<b>\$286.5 million</b>

\*NOTE\*- An additional \$18.2 million is generated from wood energy (not in above table) that would increase the total industry value to \$304.7 million. Wood energy includes commercial firewood, wood pellet, and briquette sales. Employees working in the wood energy sector are already included in other sectors, hence no additional employment.

\*NOTE\* - Approximately 450 government employees (not included in above table) work in support of the forest industry.
