■ **MESSAGE FROM THE CHAIRPERSON**

I am pleased to present the annual report on the activities of the Labour Relations Board of Newfoundland and Labrador for the 2007-08 fiscal year. The Board is accountable for the contents of this report.

2007-08 was the 58th year of operation of the Board. The Board is an independent, specialized, quasi-judicial body which plays a crucial role contributing to and promoting harmonious labour relations in the province. The Board consists of a Chairperson, Vice-Chairpersons and Board Members. The Board Members are in numbers equally representative of employers and employees. The Board meets regularly to review and determine applications for certification; applications for revocation; unfair labour practice complaints; successor rights; imposition of first collective agreements; complaints related to the duty of fair representation; and other issues within its statutory jurisdiction. The Board makes decisions based on its review of the investigation reports and written submissions of the parties and it may determine that a hearing is necessary for the purpose of making decisions.

The Board's primary objectives are the fair and efficient processing of applications and the rendering of decisions which are clear, consistent and in accordance with legal principles. The Board is fortunate to have highly dedicated and professional staff to assist in the achievement of these objectives and to assist in the administration of the legislation.

The Board's website provides information, including the Board's reasons for decisions, policy circulars, forms and publications. The website also contains the Board's Activity Plan for the 2007-08 fiscal year which was developed in accordance with the *Transparency and Accountability Act*.

I would like to thank the Vice Chairpersons and Board Members for their excellent diligence in dealing with Board matters. I would like to also thank the Chief Executive Officer, Board Officers and Staff for their continued outstanding dedication and contribution to the Board. I am extremely pleased and honoured to be in the position of full time Chair and I look forward to our collective efforts in 2008-09.

Valerie L. Marshall, Q.C.
Chairperson
Labour Relations Board

■ **PUBLIC BODY OVERVIEW**

The Labour Relations Board is an independent, representational, quasi-judicial tribunal responsible for the interpretation and application of certain provisions of the following labour relations statutes: *Labour Relations Act*; *Public Service Collective Bargaining Act*; *Fishing Industry Collective Bargaining Act*; *Teachers' Collective Bargaining Act*; *Interns and Residents Collective Bargaining Act*; *Labour Standards Act*; *Occupational Health and Safety Act*; *Smoke-Free Environment Act, 2005* and *House of Assembly Accountability, Integrity and Administration Act*. The primary mandate of the Board is to resolve labour relations and employment matters in accordance with its jurisdiction

The Board is established under the *Labour Relations Act*. The Board is composed of the Chairperson, Vice-Chairpersons, employer and employee representatives; all of whom are appointed by the Lieutenant-Governor in Council. The Act contains provisions outlining the labour relations rights and responsibilities of employers, trade unions and employees. The Act guarantees employees the right to seek collective bargaining with their employers and establishes a framework for employees to make this choice freely.

The vision of the Board is of fair and equitable application of the provisions of labour and employment legislation pursuant to which the Board has jurisdiction.

The mission of the Board is to continue to administer and interpret the legislation with regard to applications brought before the Board. This Board has been in existence for over 50 years and has, like other Labour Boards in Canada, acquired expertise both in its administration and adjudication and considerable effort is expended by the Board and its staff in maintaining a high level of expertise which culminates in a high level of service to its primary clients. The Board serves employers, organizations, employees and unions in Newfoundland and Labrador covered by the legislation administered by the Board and primarily oversees the acquisition and exercise of collective bargaining rights and the promotion of sound labour relations in a fair and transparent manner.

The legislation confers on the Board the authority over many important aspects of labour relations, including the certification of unions to represent employees, the revocation of certification upon application by interested parties where certified unions no longer have the support of a majority of bargaining unit members, unfair labour practices, successor rights determinations, common employer applications, first collective agreement applications, duty of fair representation complaints, essential employee declarations, discriminatory action under the *Occupational Health and Safety Act* and appeals of labour standards determinations. The Board has the exclusive authority to exercise the power conferred upon it and to determine all questions of fact or law that arise. It also has the power to reconsider any of its decisions and a privative clause in the Act limits the scope of judicial review. It is also entitled to determine its own practices and procedures and to make rules prescribing the procedures to be followed in respect of the administrative functions of the Board.

In fulfilling its mandate, the Labour Relations Board offers the following services to its primary clients:

Resolution of labour relations matters:

- the processing, investigation and adjudication of applications made to the Board by unions, employers, organizations and individual employees, or referrals made pursuant to the legislation;
- the mediation of differences in attempts to limit the extent and need for formal adjudication and to reinforce the ability of the parties to resolve their own disputes.

-

Education:

- the education of the Provinces' labour relations community in the interpretation of the legislation, the Board's rules, policies and procedures.

The administrative staff of the Board comprises a Chief Executive Officer, three Labour Relations Board Officers and two support staff. The annual budget (excluding lease payments) of the Board is approximately \$650,000.00.

During the fiscal year, 2007-08, there were a total of 67 new applications filed with the Board and 142 applications were carried forward from the previous year. There were 19 representation votes conducted in applications for certification and termination of bargaining rights applications, with 719 individuals eligible to vote in the elections. The Board made decisions on 69 applications during the period, which culminated in the issuance of 106 Orders of the Board. The Board held 75 days of meetings, which included 41 hearing days. A total of twelve matters proceeded to a hearing.

Biographical information on Board members is contained in Appendix I. For a listing of the Reasons for Decision issued by the Board in 2007-08, please see Appendix II. A listing of the applications which were the subject of judicial review can be found at Appendix III. Descriptions of bargaining units certified by the Board in 2007-08 are shown in Appendix IV. All Board decisions dating from 1975 have been made available to our clientele via our website through an internet-based searchable database. The full text of Board decisions is also available on QuickLaw. The Board's website is www.gov.nl.ca/lrb/

The Board's offices are located on the 2nd and 5th Floors of the Beothuck Building, Crosbie Place, St. John's, with hearings held throughout the province. The Board hearings room facilities are located on the 1st Floor of the Beothuck Building. The mailing address for the Labour Relations Board is P. O. Box 8700, St. John's, NL, A1B 4J6. Telephone (709) 729-2707 Facsimile (709) 729-5738.

■ **HIGHLIGHTS/ACCOMPLISHMENTS**

The Board has been and continues to be engaged in the development of a human resources plan to deal with the demands on staff in relation to Board activities.

We are pleased to announce that we were successful in obtaining approval to create two permanent positions; those of Deputy Chief Executive Officer and Secretary to the Chair. We anticipate that these positions will be filled in the next fiscal year.

We are also pleased to announce the appointment of a third Vice-Chair; Ms. Sheilagh Murphy was appointed on July 26, 2007.

One of the Board's officers left the employ of the Board and a new Board Officer was hired on a priority basis.

Through a partnership with the Office of Employment Equity for Persons with Disabilities, an Information Officer will be hired for a contractual period of six months.

We have also been successful in our efforts to secure additional office space to house our increased workforce and this new space is located on the 2nd Floor of the Beothuck Building.

The Board's hearings room, located on the 1st Floor of the Beothuck Building, was readied for occupancy in June 2007. This has alleviated concerns expressed by the parties which arose from hearings being conducted in hotel settings.

The Board developed a three-year Activity Plan for the 2008-09; 2009-10 and 2010-11 fiscal years in compliance with the *Transparency and Accountability Act* pursuant to which the Board is categorized as a category 3 public body. This exercise enabled the Board to review its processes, procedures and operations.

The administrative arm of the Board contributed towards the fulfilment of the Board's commitments to the strategic directions of the Minister by processing or commencing the processing of all applications received; by conducting all mandatory votes as required by the legislation; by presenting all processed applications to the Board for consideration; and by communicating the results of decisions and orders of the Board to the relevant parties.

The Board has continued to process its applications in a timely manner, providing excellent service to its clients. The Board has continued to conduct hearings and meetings, produced orders and reasons for decision.

■ **ACTIVITIES**

The objectives discussed below represent the annual focus of the Board and include performance measurement information (i.e., measures and indicators) to assist both the Board and the public in monitoring and evaluating success. The Board performs two functions – administrative and adjudicative. The Chief Executive Officer and staff fulfill the administrative function which generally entails the processing of applications; the Chair, Vice-Chairs and members of the Board fulfill the adjudicative function.

The Board contributed to the strategic direction of creating a stable employment relations climate conducive to economic growth through the resolution of labour relations matters and communicating the results of decisions of the Board to parties appearing before the Board and the public by increasing public awareness and improving understanding of the Board's role in labour relations matters.

Objective 1: By 2008, the Labour Relations Board will have commenced processing or processed all applications filed with the Board. (Processed means completed steps necessary to bring applications before the Board at regular board meetings).

Measure: All applications commenced or processed

INDICATORS	ACCOMPLISHMENTS
Number of applications received	67
Number of applications in process	17
Number of applications completed	50

In addition to those applications processed which were received by the Board during the reporting period, the Board also processed 26 other applications during 2007/08 which were carried forward from the previous fiscal year.

Objective 2: By 2008, the Labour Relations Board will have considered all processed applications which are put before the Board at its meetings, but will not have necessarily made a final determination with respect to these applications. (Decisions of the Board are evidenced in the form of orders).

Measure: All processed applications are considered

INDICATORS	ACCOMPLISHMENTS
Number of orders made by the Board at its meetings	88
Number of applications referred to the hearing process	13
Number of hearings scheduled	13
Number of applications considered and deferred	6

All processed applications were considered by the Board. It is important to note that in some matters more than one order was made. In addition to the orders made by the Board at its meetings, the Board also issued 18 orders in relation to applications which were referred to hearings. While 13 matters were referred to the hearing process and scheduled during the reporting period, the Board actually conducted hearings into 12 matters over 41 days; some of these matters were referred to a hearing in the 2007-08 fiscal year and others were referred, or were a continuation of matters referred, prior to that period.

Objective 3: By 2008, the Labour Relations Board will have communicated the results of decisions and orders to relevant parties.

Measure: Communication

INDICATORS	ACCOMPLISHMENTS
Number of orders issued and number communicated to parties	106
Number of reasons for decision issued and number communicated to parties	17
Number of reasons for decision uploaded to the Board's internet-based decision system	17

The fair and efficient processing of applications by the Board fosters harmonious workplace relations; the communication and circulation of decisions and publications through the Board's searchable decision system and website ensures that the public and the parties appearing before the Board have ready access to the Board's policies and decisions.

Objective 4: By 2008, the Labour Relations Board will have circulated publications, as necessary, related to board processes and procedures.

Measure: Circulated publications

INDICATORS	ACCOMPLISHMENTS
As necessary, number of information bulletins and policy circulars distributed and placed on Board's website	0
Annual Report filed and placed on the Board's website	2006-07 Annual Report

The Board fulfills its mandate through the resolution of labour relations matters as well as by educating the labour relations community and workers generally about the legislation, rules, policies and procedures of the Board. It is anticipated that, with additional staff being recruited, the Board will have the necessary resources to concentrate on the preparation and issuance of information bulletins describing the various types of applications which the Board can deal with and explaining the Board's procedures in the handling of such applications and complaints, reflecting the current procedures and policies of the Board. This activity will increase public awareness and improve understanding of the Board's role in labour relations matters.

■ **OPPORTUNITIES AND CHALLENGES**

The Board is pleased to be hosting the Annual Conference of Chairs and Administrators of Boards across Canada in July 2009. This will require extensive preparation and planning in the upcoming year.

The Board will continue to process its applications in a timely fashion, striving to provide excellent services to its clients.

The scheduling and postponement of hearings by parties continue to present a challenge to the Board.

The Board is continuing to deal with expanded jurisdiction under the *Labour Relations Act*, the *Public Service Collective Bargaining Act* and the *Fishing Industry Collective Bargaining Act*.

The Board was conferred expanded jurisdiction under the *House of Assembly Accountability, Integrity and Administration Act*. Complaints filed pursuant to this new legislation will be monitored to assess the impact on the adjudicative and administrative procedures of the Board.

The increasing complexity of matters coming before the Board and the increased duration of hearings continues to present a challenge to the Board and a demand on our resources.

The Board continues to strive to deal with succession planning issues.
