INTRODUCTION

This report summarizes the financial activities of the Liberal Party, the New Democratic Party, and the Progressive Conservative Party for the period January 1, 2017 to December 31, 2017.

Elections NL has completed a review of the financial statements and supporting schedules submitted by the above political parties. The Chief Electoral Officer has certified that these statements have met the requirements of the *Elections Act, 1991* ('the Act') based upon the review.

ANNUAL FINANCIAL STATEMENTS

The three political parties registered with Elections NL at the beginning of the 2017 calendar year have filed the required audited financial statements and supporting schedules pertaining to 2017.

Registered political parties are required to report their financial affairs in the form of an annual filing of audited financial statements along with supporting schedules as prescribed by Elections NL. **Appendix A** to this report presents a summary of the annual financial statement information provided by the parties for the 2017 fiscal year.

LATE FILING

The deadline for filing of the annual Political Party statements is legislatively set at April 1 of the year following the year to which they relate.

The Liberal Party filed their financial information by the April 1, 2018 deadline. The New Democratic Party filed their financial information on June 14, 2018. The Progressive Conservative Party requested an extension and subsequently filed their financial information on April 30, 2018. The New Democratic Party and Progressive Conservative Party each provided an explanation for requiring an extension of the filing deadline. After reviewing those circumstances it was determined that neither involved willful intent or neglect on the part of their respective Chief Financial Officers.

Late filing of financial statements and supporting schedules hinders the ability of Elections NL to report this information to our stakeholders in a timely manner. This is a reasonable expectation of our stakeholders and failure to provide timely information erodes public confidence in both this office and political parties. Elections NL communicated the filing deadlines and requirements well in advance to Chief Financial Officers but the filings were still late.

For the General Election in 2015, Elections NL enforced that any candidate in an election that did not file their financial returns on time would forfeit their nomination deposit, and any election expense subsidy due to them as applicable. In addition to these penalties, for all filings received in 2019 and onwards, Elections NL is considering imposing penalties pursuant to Section 320 of the Act on Chief Financial Officers of both candidates and political parties

for failure to file financial returns on time. Chief Financial Officers could be prosecuted and on summary conviction be fined \$50 per day that the filing is in default. Alternatively the Chief Electoral Officer can accept a payment of a sum equal to \$50 per day that the filing is in default in lieu of prosecution.

POLITICAL CONTRIBUTIONS

Registered political parties must file with their annual financial statements a listing of contributions received in the year that either individually, or in sum, exceeds \$100 together with the name and address of the contributor(s).

Appendix B to this report contains a comprehensive listing of contributions to the reporting parties made during the year. This includes funds raised by local district associations and transferred to the political parties during the year. Treatment of these funds is the same as if the contribution was made directly to the party.

FILING ISSUES

Financial Statements and Financial Statement Supporting Schedules

Political parties used new financial schedules to file their 2017 annual returns. These new schedules placed a greater emphasis on reconciling revenue on the audited financial statements to the revenue reported from events and contributions.

Elections NL communicated with the Chief Financial Officers of each party prior to implementing these new forms, and provided each an opportunity to ask questions or identify any issues with the forms. In addition, the Chief Financial Officers were given a listing of documents to include with the financial returns to support our review of the files.

Unfortunately, the filings received from each party for 2017 using these new forms were either incomplete or prepared incorrectly. Parties filed supporting schedules that did not match information reported in the financial return. Revenue reconciliations were either incomplete or not attempted. Proper completion of these schedules would identify to the preparer, as well as the party, that information submitted to Elections NL may not be correct. When filings are incomplete or submitted incorrectly these issues must be addressed after the filing is made. This is further compounded

when files are submitted late and there is turnover in key party financial staff.

In addition to deficient filings, the Liberal Party was unable to provide an electronic listing that matched contributor names to receipt numbers. As a result, the files required significant remediation by Elections NL to conduct a proper review of the information.

The deficiencies in the returns and supporting documents are a concern to Elections NL. There continues to be a disconnect between the audited financial statements and the information that is reported by the parties in their financial schedules. Political parties, party executives, and party administration need to review these documents to ensure they are satisfied with the information submitted to Elections NL. Otherwise the reviews of financial information will continue to require party resources to remediate these files.
