The West Newfoundland Regional Appeal Board (the “Board”) is established by the **Urban and Rural Planning Act, 2000**. The Minister of Municipal and Provincial Affairs (MAPA) appoints Board members. The Board hears appeals related to land use and development issues that arise from decisions made by municipalities or a provincial government authority. Issues which may be appealed to the Board include:

- a decision made under **Municipal Development Regulations**;
- a decision to issue an Order under section 102 of the **Urban and Rural Planning Act, 2000**;

- a decision made under Interim **Municipal Development Regulations**;
- a decision under a Protected Area Plan, **Protected Road Zoning Regulations** or **Highway Sign Regulations**;
- a decision made under **Occupancy and Maintenance Regulations**; and
- decisions made under any other Act or regulations, including Municipal Plans and Development Regulations, where specifically designated.

Appeals may be made by a person or an association of persons.

The Board considers and determines appeals in accordance with all relevant legislation, including municipal by-laws. Section 42 of the **Urban and Rural Planning Act, 2000**, outlines procedures with respect to appeals. Report on Performance

Issue: Land Use and Development Appeals

The adjudication of appeals enables municipal councils and other government authorities to gain a better understanding of the application of land use and development legislation and a more complete understanding of the appeal process.

The Board has developed a single annual objective and associated indicators to report in each of the three years of its current activity plan (2020-23).

2021-22 Objective

By March 31, 2022, the West Newfoundland Regional Appeal Board will have heard appeals and have rendered decisions in a timely fashion.

2021-22 Indicator	Actual Result
Number of appeals heard	7 appeals were heard in 2021-22
Number of appeal hearing days	There were 5 days of hearings in 2021-22
Number of written decisions rendered within 21 days from date of hearing	7 written decisions rendered within 21 days of hearings

The Board met its objective of hearing appeals and rendering decisions as per its mandate.

Opportunities and Challenges

The opportunity for the Board is to make a positive contribution to land use planning through the hearing of appeals and rendering decisions in compliance with applicable legislation. Municipalities can strengthen their future decision-making through referencing decisions rendered by the Board.

The major challenge for the Board is to hear appeals and render decisions in a timely and efficient manner while at the same time working to modernize processes, participate in training opportunities, and adhere to administrative law principles and best practices for quasi-judicial tribunals.

Due to the ongoing COVID-19 pandemic, appeal hearings continued to be a hybrid of in-person appeal opportunities, flexible scheduling, and the use of virtual meeting technology.
